Gov. Cox Holds Conference

Columbus, O. July 8.—Whether criminal prosecutions will be instituted as a result of alleged forgeries in connection with the referendum petition filed with the secretary of state on the working man's compensation law was the subject of a conference at the executive office today.

Following the allegations of "gross padding" of the petitions, Governor Cox, who is leading the fight against the referendum today called in Assistant Attorneys General Davis and Marshall, Wm. C. Arch, Secretary of the State Liabilities board and one or two others. Attorney General Hogan, who is in Cincinnati, it is understood has given Governor Cox, the assurance that the full power of the Attorney General's department will be at the disposal of the Governor in the fight to knock out the petitions. It was expected that a formal statement decided on by the Governor would be given out later.

Government Official in
City Today in Conference
Over New Post Office Site

Indications are that an adjustment of the Newark postoffice site problem is no nearer settlement than it was months ago, since nothing has been made public regarding the outcome of a conference held here Tuesday.

United States District Attorney McPherson of Cincinnati, arrived here Monday night and spent Tuesday forenoon in a conference with Solicitor Roderic Jones on behalf of the city and Attorney C. W. Miller on behalf of the Sherwood Improvement company. It was simply one of several conferences that have been held since the Federal authorities filed suit against the city to obtain condemnation of the proposed postoffice site at First and East Main streets. Neither of the parties to the meeting would make any statement other than that nothing definite

had been decided with reference to the postoffice site or the condemnation suit.

Before coming here the Cincinnati district attorney had a long conference with Col. William L. Moore, postoffice inspector-in-charge over the Newark district. District Attorney McPherson left Newark at noon, to return to Cincinnati. On his departure it was said that nothing further would be learned on the postoffice proposition before September 1, when another conference may be held.

While nothing can be learned from those directly concerned in the transaction, it is unauthentically stated from other sources that a compromise between the government and office of the Sherwood Improvement company is desirable and may be sought.

Failure of the Pittsburg
Bank Does Not Affect
the Other Institutions

(ASSOCIATED PRESS TELEGRAM)

Pittsburg, July 8.—Pittsburg's one day flurry in financial circles caused by the bank failures of yesterday, apparently was a matter of history at noon today. The failure of the First-Second National bank of Pittsburg and the First National of McKeesport, with subsequent receiverships for the American Water Works and Guarantee company, and the banking firm of J. S. and W. S. Kuhn company, who were dominant factors in many institutions, it was established by noon today would have no deleterious effect upon other financial institutions.

The run on the Pittsburgh Bank for Savings, a Kuhn institution, which started yesterday, seemed to materially abate shortly after the announcement that J. S. and W. S. Kuhn had resigned from the presidency and vice presidency of the bank.

Rumors of steps to be taken by the government to ascertain any criminal liability in the financial crash were unfounded, according to announcement of United States District Attorney Jordan, who said he had no communication from Washington regarding any phase of the financial situation or in connection with any financial or industrial institution.

Expected statements from J. S. Kuhn upon any phase of the situation were not forthcoming during the day.

(ASSOCIATED PRESS TELEGRAM)

Pittsburg, July 8.—Financial Pittsburgh showed little outward evidence today of yesterday's crash in banking circles, involving failure of the First-Second National bank, with \$2,000,000 of deposits, the First National bank of McKeesport, an allied institution and the appointment of

receivers for the American Water Works and Guarantee company, the largest concern of its kind in the country, and for the banking house of J. S. & W. S. Kuhn, incorporated.

No unusual scenes were observed about other banks of the city, with the exception of the Pittsburgh Bank for Savings, another bank controlled by J. S. and W. S. Kuhn, who controlled the majority of stock in the two banks that suspended yesterday.

The run on the saving institution that was started by the failures yesterday was resumed this morning, possibly in somewhat larger magnitude, but the same method as adopted yesterday was pursued today. All depositors were paid \$50 at once and notice of thirty, sixty and ninety days for larger amounts were required.

With the assurance of several millions in cash and quick assets on hand, the run on this bank is not looked upon as likely to result seriously. In fact bankers with no immediate connection with the Kuhn institutions assert that the Pittsburgh Bank for Savings will weather the situation and make all payments as demanded under the conditions imposed with the result that at the expiration of the time of notice for withdrawal of the larger amounts the public confidence will be restored.

About the First-Second National bank this morning large groups of foreigners were gathered copying from the doors of the foreign banking department, the notice of the closing by the government which had been posted in 16 different languages.

In the United States District Court today, Judge Charles P. Orr, appointed Fred G. Kay as the fourth

(Continued on Page 5, Col. 5.)

JOHN D. 74 TODAY.

(ASSOCIATED PRESS TELEGRAM)

Cleveland, O., July 8.—At Forest Hill, his summer home, John D. Rockefeller will celebrate today his 74th birthday. With only one or two of his Cleveland friends present the day will be passed quietly. His brother-in-law, George A. Rudd and family are absent from the city and there will be no family party.

CONTEMPT OF
COURT DRAWS A
JAIL SENTENCE

Dr. Herbert P. D. Shaffer was sentenced to ten days servitude in the Licking county jail, in a decision of Judge Fulton filed with the clerk of courts Tuesday. The sentence was passed as a result of a contempt charge filed by attorneys for Della Shaffer, whose sensational suit for alimony resulted in a court decree that the physician should pay a stipulated amount monthly to the mother for the support of their family.

It was alleged that the physician had failed to pay the required \$40 per month. In fixing the sentence the court allowed the defendant ten days in which to pay the sum past due, with the proviso that sentence would be suspended if the sum had been paid within that time and if future payments are made in compliance with the court's order.

A petition in bankruptcy filed by William C. Jones of Naphport, has been referred to Referee E. R. Meyer of Zanesville. Jones is a mail carrier.

COUNTRY
RESIDENCE
IS BURNEDMilitant Suffragettes
Cause Loss of \$100,000
Early This Morning

PAINTINGS CONSUMED

Together With Many Other
Precious Objects—Sylvia
Pankhurst Again in
the Tolls of the London
Police.

(ASSOCIATED PRESS TELEGRAM)

London, July 8.—An "arson squad" of militant suffragettes burned down the country residence of Sir William H. Lever, founder of Port Sun Light, and chairman of the Liverpool school of tropical medicine early this morning.

The mansion called "The Bungalow," is situated at Rivington, near Norwich, Lancashire. It was not occupied by the family but contained valuable paintings and other precious objects, all of which were consumed.

A message was left by the incendiaries stating that if Sir William Lever had been as loyal to the suffragettes as Lancashire was to the King, who is now paying a visit to the industrial centers of the county, the fire would not have happened.

The damage to Sir William H. Lever's residence amounted to over \$100,000.

Miss Sylvia Pankhurst was brought up at Bow street police court today and found guilty of inciting people to commit disorders on June 29, when she led a mob to Downing street to raid the official residence of the Premier and Chancellor of the Exchequer. She was ordered by the magistrate to find sureties in \$12,000 for good behavior for a year or as an alternative go to prison for three months.

Miss Pankhurst refused to find bonds and elected to go to Holloway jail, declaring that she would at once start a hunger strike and also go without water.

Cox Will
Prosecute
The Frauds

(ASSOCIATED PRESS TELEGRAM)

Columbus, O., July 8.—Believing that they have found sufficient evidence of fraud and forgery in connection with the securing of signatures of petitions for a referendum vote of the Green Workmen's compensation law, assistants in the attorney general's office are at work this afternoon preparing charges which will be brought against solicitors or those higher up in the referendum movement.

Early developments in cases are expected and arrests probably will be made within a couple of days. As yet, the specific charge under which arrests will be made has not been decided. Some of the charges may be for forgery or for perjury, it is said.

"We are ready for them," Governor Cox stated today, after he had been in conference with Attorney General Hogan's assistants. "The gun is loaded and early developments may be expected."

Meanwhile the investigation of the referendum petitions on file in the secretary of states office has led to the discovery of further alleged falsifying of signatures. In Columbus alone it is said by those who have examined the petitions that many names appear in the same hand writing with correct addresses and initials. In one instance, the investigators found the name of a man who, according to the petition, gave his address as a house which is known to be vacant.

Editor J. H. Newton of Newark arrived in the city this afternoon and is in consultation with state officials over the fraudulent securing of signatures in Licking county. The well-known Democratic wheel horse after a conference with Governor Cox will present facts to Attorney General Hogan that will assist materially in the prosecution of the perpetrators of the fraud. Col. Newton was accompanied in Columbus by City Solicitor Roderic Jones who has tendered his services in assisting in the investigation.

Annual Convention Have
Arranged Working Basis

Delegates of the American Flint Glassworkers' union, in national convention here prepared to launch into real business activities Tuesday when the personnel of the various committees was completely determined. Officers announce that the convention program is already running about a half day ahead of its usual schedule. Solicitation among delegates to win next year's convention has developed lively opposition, and a rumor was current Tuesday that Mayor Shanks, the famous chief executive of Indianapolis may come here to support the strong pull being made by the Hoosier capital for the 1914 meeting.

Among the new-comers to arrive Tuesday was A. B. Bristow of Fostoria, Ohio, a member of the news staff of the Glassworker, the trade publication issued from Pittsburg. Mr. Bristow probably will remain here throughout the convention. He was accompanied by Mrs. Bristow, who is the guest of her parents in Granville.

Monday, the first day of the national convention, was devoted entirely to arranging a working basis for the big gathering. The day was largely given over to forming committees, the membership of which proved the chief point of delay. At day, delegates scattered and were escorted about the city by members of the local union.

A few trailing delegates arrived Monday night and Tuesday forenoon witnessed the entire representation's present on the ground. No contests for national officers have put in an appearance as yet, but it is not unlikely that within a very few days plans will begin to shape themselves

looking toward the election of officers, which takes place the last day of the convention.

The convention late Monday approved the work of the rules committee and the same action with respect to the credentials committee followed. Trade committees were placed in charge of the following delegates as chairmen:

Pressed tableware, Henry Cook, Bellaire, O.
Chimneyware, John Armstrong, Alexandria, Ind.

Iron mold, Charles Shippen, Philadelphia, Pa.

Paste mold, Fred Hartman, Fostoria, O.

Machine press, John P. McCullough, Lancaster, O.

Cutting, William Ladlow, Toledo, Ohio.

Punch tumbler and stem ware, M. G. Bilz, Wheeling, W. Va.

Electric ball, Fred Wolfe, Toledo, Ohio.

Mold-making, Roy M. Levis, Rochester, Pa.

Caster place, George Barber, Vineland, N. J.

Shade and globe, John F. Kennedy, Brooklyn, N. Y.

Engraving, Charles M. Sroogins, Moundsville, W. Va.

National law, J. W. Martin, Moundsville, W. Va.

Officers' reports, John Minke, Myer, Wheeling, W. Va.

Grievances, T. J. Convoys, Alexandria, Ind.

Estimating, Arthur Elberts, Alexandria, Ind.

The supply and paraphernalia trucks of the Gazams arrived Tuesday and members are eagerly looking forward to setting upon a definite date for the Gazam jubilee.

CITY MAY
FACE SUIT
FOR BILLSBecause Council Failed to
Pass Appropriation Or-
dinance Monday Night

PAY ROLL IS HELD UP

Operators at Police Head-
quarters Deprived of Pay
Because Council Refused
to Transfer the Funds—A
Lively Session.

With the declaration that the city was facing the prospects of being sued for its honest debts, city officials left the council chamber Monday night pretty well disgusted with the action of council in failing to pass the semi-annual appropriation ordinance.

The city council at various times has hesitated to take important action regarding the city's finances and as a result there have been occasions when some of the city departments have been embarrassed by being compelled to say to their creditors, "we have no money."

One of the telephone operators on duty at police headquarters has been deprived of \$12.50 for several weeks. This ran a week longer than was necessary when council last week refused to pass either the appropriation ordinance or the measure to transfer funds.

At Monday night's meeting, Councilman Dayton picked to pieces the public service department's appropriation and after criticizing the appropriation which rested in these appropriations being entered in the ordinance, moved to amend by trimming the sums several thousands of dollars. His amendment included the trimming of the cemetery fund and the increasing of the safety fund to include money enough to purchase fire hose for the East and West Newark fire stations. His motion failed to receive a second and was lost.

Mr. Prior's motion to suspend the rules and read the measure the third time was lost and the measure will go over until the next meeting.

Before the measure was finally killed, Mr. Collier, safety director, declared that his estimate for the amounts necessary for the safety department has been trimmed too much. He declared that there were bills due in his department, vouchers for which had been held up for several weeks because of a lack of funds. In one case, a fund was trimmed from \$150 to \$50 when one insurance policy alone required \$68 from this fund. He declared that he had not been invited to advise with the finance committee.

Councilman Juch urged that council increase the appropriations for the safety department to the amount requested by Mr. Collier, but his amendment, also failed to carry. Service Director McCarthy in a lengthy talk before council, explained every item in the appropriation ordinance for his department.

He declared that he had asked for the amounts named because he wanted enough money to run the department.

(Continued on Page 2, Col. 4.)

BOGUS MONEY
WAS GIVEN TO
HOLD-UP MEN

(ASSOCIATED PRESS TELEGRAM)

Passaic, N. J., July 8.—Learning from experience when they were held up and robbed of \$150 in genuine money a year ago, Benjamin Goldberg and Julius Verban, partners in a produce business here, has ever since carried a good quantity of bogus money around, ready to fool the next highway man they encountered.

The chance came when, yesterday, a masked man stopped their wagon at the point of a revolver and commanded the men to empty their pockets of \$10,000—bogus bills. The robbers fled with the bogus "money", while the victims gleefully proceeded on their way with their \$10 in real money.

Run-Down-At-The-Heel—Towns

(By Chalmers L. Hancock.)

A small Southern town is spending money advertising in far Western papers. But, should a Westerner heed the advertising and visit this town, he would not remain.

The first glimpse a stranger gets makes the money spent in advertising worse than wasted.

There are several unsightly advertisements that stare the stranger in the face as he steps from the train. He is not only driven away, but he tells how he was fooled and drives others away.

Instead of attractions pictured in the town's ad, he sees a lot of ramshackle, anti-paint sheds around the depot. The main street looks like the result of being stinted by greedy property owners.

All town advertising should be truthful. Of course, no town wants to feature the things that need improving, but it is never good business to advertise things as they are not.

All Day Long

While you are on your vacation you will feel lonely for the Advocate back home. Save yourself the annoyance by ordering your paper before you leave Newark. Your home paper received every day while you are away will be like getting a letter from home.

Subscriptions accepted for any period, no matter if only for a few days. If you are having the Advocate delivered in Newark by carrier it will be sent anywhere by mail if you simply give the order.

Just lift the receiver NOW. Ring Auto 1333 and give your present and your vacation addresses. The Advocate will gladly do the rest.

SCALP TROUBLE FOR OVER TEN YEARS

Small Bunches on Scalp. Itched, Formed Scale. Hair Came Out. Cuticura Soap and Cuticura Ointment Cured in Two Months.

208 Harrison St., Elyria, Ohio. — "My case was a scalp trouble. I first noticed small bunches on my scalp which commenced to itch and I would scratch them and in time they got larger, forming a scale or scab with a little pus, and chunks of hair would come out when I would scratch them off. It caused me to lose most of my hair. It became thin and dry and lifeless. I was troubled for over ten years with it until I got so bad I was ashamed to go to a barber to get my hair cut.

"I tried everything I could get hold of, and — but received no cure until I commenced using Cuticura Soap and Ointment when the scale commenced to disappear. The way I used the Cuticura Soap and Ointment was to wash my scalp twice a day with warm water and Cuticura Soap and rub on the Cuticura Ointment. I received benefit in a couple of weeks and was cured in two months." (Signed) E. J. Butler, Jan. 25, 1914.

Why not have a clear skin, soft white hair, a clean scalp and good hair? It is your birthright. Cuticura Soap with an occasional use of Cuticura Ointment will bring about these coveted conditions in most cases when all else fails. Sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Send for the sample and shampoo with Cuticura Soap will find it best for skin and scalp.

HUMPHREYS IS SENTENCED TO ELECTRIC CHAIR

Columbus, O., July 8.—Leslie Humphreys, confessed murderer of Samuel E. Kelly of Beckley, W. Va., with whom he came to Columbus on May 14 in search of work, yesterday was sentenced to death in the electric chair at the Ohio penitentiary by Judge E. B. Kinkead, in criminal court.

Unless Governor Cox grants Humphreys a commutation of sentence, the murderer will die October 23. The crime for which Humphreys will pay the penalty was described by Prosecutor Turner as one of the vilest that ever has been perpetrated in Franklin county. Kelly is known to have had \$300 or \$400 and the state presented this as the motive for the crime, although Humphreys declared he shot and cut his companion during a quarrel in East Fifth avenue.

"Humphreys" was given every chance to offer an explanation for his crime, but there was nothing sufficient to warrant a lighter penalty," said the prosecutor after the sentence. "Attorneys Thomas H. Clark and J. C. Brandt did all in their power for their client and handled his case with the utmost fairness."

Humphreys was not disappointed by the court's sentence. His face wore a slight pallor when he was asked to stand, but he replied in a firm voice that he had nothing to say regarding his crime. When the terrible wording of the death penalty was read he remained standing, unshaken, and then turned to be led back to his cell in the county jail. He was taken to the penitentiary within half an hour by deputy sheriffs.

Mrs. Humphreys was not in court when her husband was sentenced but was advised later of the court's decision. She bore up remarkably well under the ordeal and secured from Prosecutor Turner a statement permitting her to visit the murderer. Humphreys' sisters, who were in attendance throughout the hearing of the case, returned to their homes in Virginia Saturday.

"Humphreys' stolid demeanor was the result of his previous criminal experience," declared Prosecutor Turner. "He was a dangerous man and has served one term in the penitentiary for cutting with intent to kill, being committed from Summit county. His death alone can pay the proper penalty for his crime and will be a valuable lesson to other criminals."

The passing of sentence of Humphreys was unusual in that the accused man pleaded guilty to a general charge of murder, thus placing the responsibility of determining the penalty upon Judge Kinkead. It was said last night that Humphreys is only the second man who has been sentenced to die by a judge on a plea of guilty.

For all affliction of the nervous system, loss of appetite, trembling, kidney or liver complaints, sleeplessness, exhausted vitality or weakness, get a box of Wendell's Ambition Pills today.

TODAY'S RECORD OF THE PUGILISTS

1889—John L. Sullivan defeated Jake Kilrain in 75 rounds at Richmond, Miss. In a battle for the world's championship and \$10,000 a side. The fight was pulled off only after a game of hide-and-seek with the authorities of Louisiana and Mississippi. It was a grim, hard battle, under London prize ring rules. Kilrain had been ill, and was not in good condition, but he made a game fight all the way, and at times looked like the winner. Sullivan and Kilrain have appeared on the stage together in recent years.

1912—Jim Smith defeated Fred Storbeck in 6 rounds at New York.

A motor truck was built complete recently by prison labor at Sing Sing.

JOSEPH RENZ,
Notary Public, Real Estate and Insurance.
Office No. 734 West Side Square, over Sample Shoe Store.
Bonds and Mortgages written. All business entrusted to me will be promptly and carefully attended to.

EDWARDS STAKE AT OPENING OF GRAND CIRCUIT

Captured by the Favorite Del Ray—Racing Enthusiasts Throng the North Randall Track.

Cleveland, O., July 8. Several new records in the second day's race of the Grand Circuit meeting today would not come as much of a surprise, with a slight rise in temperature predicted for this afternoon. Several social affairs in the club house at North Randall today will be favored by warmer breezes.

The \$2,000 Forest City stake in which Brandon Direct, owned by J. H. Elgans of Denver, set a new record for 3-year-old pacers of 2:03 3/4, last year will divide interest, with the three-year-old trotting sweepstakes. Two class races, the 2:09 pace with a field of thirteen, and the 2:21 trot, with nine entries, complete a full afternoon.

Brannan Baughman, of Walter Cox's stables, who was second to the Denver horse last year, again is entered in the Forest City and will be favored in the betting. The other entries are:

Babe, Fred Jamison, Washington, Pa.; Knight Onward, J. E. Gray, Toronto; King Daphne, Sidney Goldman, Los Angeles; Good Goods, A. Dean, Cleveland; Longworth B., Tommy Murphy, Poughkeepsie, N. Y.; Flowery Direct, Cason & Froes, Murfreesboro, Tenn.; Impetuous Palmer, C. A. Valentine, Columbus, O.; Columbia Fire, E. G. Behanoun, Lincoln, Neb.; Walter Cochato, Will Maple, Converse, Indiana.

Cleveland, July 8.—Almost perfect racing weather and thousands of racing enthusiasts helped to open auspiciously the first meeting of the Grand Circuit at North Randall track. As is usual on Tavern "steak" day, when the millionaire owners pilot their own colts, the grand stand was filled largely with society people.

Favorites in the Tavern "steak" were hard to pick, as only amateur drivers may enter, but the Edwards stake went to the heavily played favorite, Del Ray.

The lightest field that has scored in the Edwards stake since its establishment was given the word yesterday afternoon. In the first heat, Dzeron broke at the eighth and was hopelessly distanced. At the half, Walter Cox took the lead with Del Ray and was never headed, although hard pressed by Frank Bogash Jr., and being forced to pass the last quarter in :29 3/4 seconds. Del Ray got away in front in the next two heats and kept the lead. Frank Bogash Jr. finishing close up each time. The record for the Edwards stake is 2:03 3/4, held by Vernon McKinney Cox was presented with the Edwards cup.

Seventeen horses were called to the post in the Tavern "steak" for amateur drivers only, which was divided into three preliminaries, with \$1000 purses for each, the finals to be raced on Friday for the rest of the \$5000 purse.

In the first division, Eulabel, a Toledo horse, driven by Parlee Mitchell, won after finishing fifth in the first heat. Castle Dome, driven by J. L. Dodge, of Memphis, took the first heat from Barling, by a scant nose. With a burst of speed in the stretch, Eulabel took the second heat, and won easily in the third.

CITY MAY FACE SUIT

(Continued from Page 1.)
partment without the necessity of asking for a transfer of funds. "This council has always objected to a transfer of funds," declared Mr. McCarthy, "and I hoped to get enough money so this action would be unnecessary."

The increase in the appropriations for the service department for the last six months amounted to several thousand dollars more than for the first six months of this year. Mr. McCarthy explained that new work had been planned for the remaining months of the year and that additional funds were necessary to carry out improvements urged by council, some of which were already under course of construction.

Mayor Swartz advised council of the appointment of Oliver D. Irwin as a member of the board of health to succeed Ben Halzer, resigned. The appointment was confirmed.

Mayor Swartz also reported the collections for July as follows:

City Cases.	State Cases.
Fines collected	\$105.03
Licenses collected	5.00
Other collections	157.00
Total	\$267.03
Fines collected	\$115.00
Mayor's fee	126.00
Officers' fees	63.00
Total collections	\$304.00

The mayor, in a communication to council advised the members of a shortage of funds caused by an increase in the office rents since the last semi-annual appropriation ordinance. He asked the transfer of funds.

City Solicitor Jones submitted a report on the proposition to repair and change route of Holler ditch in West Newark and Newark township. Attached to the report was a communication from Engineer Wells to Solicitor Jones, detailing the proposed improvement. It was stated that the improvement would cost more money than was anticipated and Mr. Jones urged careful consideration of the matter. The proposed improvement in accordance with plans prepared, is estimated to cost \$24,187.50.

Mr. Jones addressed council and asked that the matter be referred to

some committee. He gave it as his opinion that the city should take up the matter with the township trustees. The matter was referred to the street committee.

Safety Director Wayne Collier reported to council that the fire and police departments had named trustees for the pension funds recently created and asked that money be appropriated for the use of the trustees. The report was referred to the finance committee.

Health Officer Kinans reported a resolution adopted by the board of health increasing the salary of the food inspector from \$50 to \$60 per month.

A fair correspondent from the Second street hill district asked council to place planks over the sand bar on the north end of the temporary bridge over the South Fork of the Licking river. The communication was signed "a citizen." Being an anonymous letter it was consigned to the waste basket.

A petition from Central avenue residents asked that the sewer in that street be repaired. Another petition was read asking for a sewer in Indiana street between Buena Vista and Cedar streets.

Councilman Prior's ordinance to employ a man to ring the curfew bell was on its second reading. Councilman Dayton asked an expression from Safety Director Collier on the matter. Mr. Collier said he thought the ordinance was superfluous as the police department was looking after this duty.

The semi-annual appropriation ordinance was read the second time. Councilman Dayton asked to have it read in detail. It was as follows:

General Fund—	
Council	\$ 1,075.00
Council clerk	575.00

PLEASURE INSTEAD OF PAIN

For the past eight years we have been using Vitalized air for extracting teeth painlessly. Thousands have had their teeth extracted by this method, painlessly and pleasantly. Hundreds would have suffered through life with diseased, aching teeth had it not been for our modern method of extracting.

It is a great pleasure for us to now be able to announce to the public that we have installed an elaborate, modern equipment for the use of nitrous oxide and oxygen in performing any and all kinds of dental operations, such as crowning, filling and bridge work, without a particle of pain. This is not a far nor fancy dream, the method has been given a thorough test and is absolutely safe and reliable both for young and old, and we now offer something to the people of Newark and surrounding country that has long been looked forward to—PAINLESS DENTISTRY. We back this with our past reputation.

SHAI & HILL, Dentists

SOUTHEAST CORNER SQUARE.

Both Phones. Closed Sundays. Lady Attendant. Office Open Monday, Wednesday and Saturday Evenings.

NEWARK GOLFERS TO CROSS CLUBS WITH ZANESVILLE

New Player on Local Course Makes Record—Movement on Foot to Inaugurate Ladies' Class.

Interest in golf at the Country club has been given quite an impetus by the coming of Mr. Harry Waters, formerly of St. Andrews, Scotland. Mr. Waters is one of the best known golfers in the United States, and as a teacher has no superior and probably few equals. He has been very successful in the short time he has been here, in inculcating the right principles of the game, and a perceptible improvement is noticeable among our golfers. This is quite gratifying in view of the fact that on Thursday Zanesville will cross clubs with Newark in the regular Ohio League championship, in which, up to date, Newark has not been forced to lower her colors, having defeated both Coshocton and Columbus.

Mr. Waters on his first attempt negotiated the 9 hole course at the Country club in 38. This was 3 below bogey, a remarkable game, considering his absolute unfamiliarity with local conditions. Since his first round he has done very little playing, being too busy in teaching to make the rounds.

A movement is on foot to inaugurate a ladies class with the view to have Mr. Waters give it instructions. This will be a splendid thing, as the women members in the club have had little opportunity to improve their game, most of the instruction having been monopolized by the men.

Another new player on the course is Jack Munro, formerly of Nairn, Scotland. Mr. Munro is connected with the Giffen Mfg. Co. and is a very fine golfer. He is a terrific driver, having carried both banks in one drive from the third tee to the third hole. Mr. Munro has made a number of rounds of the course, having one medal score of 35, which up to date is the record for the course.

Efforts are now being made to get up an exhibition match between Messrs. Waters and Munro. Such a game would be followed with great interest by local golfers because these two players work in such splendid form and are so highly skilled in the fine points of this most difficult game. It is to be hoped that this match will materialize, as it would be great treat for those who are really interested in the sport.

REMARKABLE CURE OF A YOUNG MAN

Tells of the Quick Results Given Him with the United Doctors' Medical System.

HAD CHRONIC STOMACH TROUBLE.

Eleven Days of New Treatment Gave Him More Relief Than All Former Doctoring.

If you were suffering from stomach trouble or any other ailment or disease and had treated in vain for relief and finally found some one or something that did cure you—wouldn't you tell your friends of it if they were suffering—wouldn't you want to tell every stomach sufferer where you got relief? Of course you would if you have any love for your fellow man and it is for this reason that Mr. Albert Tuskey of 101 Fort-Fifth street, Wheeling, W. Va., tells where and how to get the best results ever given him in a chronic and stubborn trouble.

"For many months I have suffered from a serious case of stomach trouble that was finally becoming worse," says Mr. Tuskey, "and I would vomit after each meal, was constipated and weak."

"Two doctors had treated me in the past but as they could do nothing for me I decided to go to the United Doctors and have them examine me."

"While I knew the United Doctors were doing excellent work in curing chronic sufferers of various ailments I did not expect or hope for the quick relief given me. I am now so well pleased with what the new system of medicine has done for me in the last 11 days that I want every one to know about it."

"Eleven days ago I started the United Doctors treatment and now my troubles are over. I no longer have stomach and back pains, nor vomiting no stomach gases, I feel fine and my entire condition has improved wonderfully. I deem it a wise policy to treat a little longer, for then I know that I need not fear for the future."

The United Doctors whose Newark institute is located on the second floor of the Arcade building treat among other diseases and ailments, chronic and deep-seated diseases of the nerves, blood, heart, liver, skin, kidneys, bladder, spine, brain, including rheumatism, paralysis, asthma, deafness, catarrh and other diseases of men and diseases of women.

"Always Room for One More." "That's the tenth case of sardines you have ordered," said the railway man. "Arren't you afraid you will make yourself sick?"

"I'm not eating them," replied the employe with inventive genius. "I think I'm on the track of a way to get more people into a street car."

NEGRO ATTEMPTS ASSAULT ON A LITTLE GIRL

Gets Six Months in Jail—Prosecutor J. Howard Jones Sorry He Could Not Send Him to Penitentiary.

"I regret that the legislature has neglected to provide a penitentiary sentence for such an offense as this man is said to have committed," said Prosecutor J. Howard Jones in juvenile court Tuesday morning when Ernest Jones was arraigned for contributing to the delinquency of Leona Hottinger, aged 14. It was claimed that Jones, who is 40, and colored, made an indecent proposal to the little girl and that he offered her a dime.

Continuing, the prosecuting attorney said, "I had this offense been committed in some localities, this defendant would no doubt have paid with his life for his rash action. Although I am here to represent the law, I will confess that I would have no sympathy for him if such had been the case. I urge the court to give the man the limit provided by law."

The defendant Jones was arrested Monday night by Headquarters Officer Moore at his home in Canal street, following the filing of a complaint at police headquarters. The plaintiff, mother accompanied the lass to the police station where her story was told. It is claimed that the Hottinger girl and her brother were fishing in the canal when the negro came along and offered her the coin. The Hottinger girl's mother is compelled to work daily and leaves the daughter and son at home. Jones lives nearby.

The negro admitted that there was "debbilment" in his mind when he accosted the girl. He also told the court that he had served time in the penitentiary for participation in a cutting scrape. He has been employed as a bricklayer at the Wehrle plant for several weeks past and states that he has resided in Newark for two years.

Judge Hunter questioned the man thoroughly before passing sentence.

NEW BETHEL

The young people of New Bethel 2, U. church will give an ice cream social on the church lawn Thursday evening, July 16. Proceeds to go for the benefit of the singing class.

Mr. and Mrs. Hardin Barcus and family spent Sunday with Mrs. Barcus' parents, Mr. and Mrs. J. W. Grandstaff.

Mr. and Mrs. Blouch Fulk and daughter, Mona of near Lyons Lake, spent Sunday with her parents, Mr. and Mrs. J. M. Welch. Their daughter Vera returned home with them after spending the past two weeks with her grandparents.

Mr. and Mrs. George Grandstaff of Clinton spent Sunday with Mr. and Mrs. S. A. Grandstaff.

Mr. and Mrs. L. A. Linnabary of Van's Valley and Mr. and Mrs. Fred Glaze and daughter Wilma and Mr. and Mrs. Eliza Debolt were Sunday guests of Mr. and Mrs. H. J. Debolt.

Mr. and Mrs. Clarence Rose of Bellshire spent Sunday with her parents, Mr. and Mrs. W. S. Glaze.

Several from this place attended the Sunday school picnic at Johnstown the fourth.

Miss Callie Needles returned home Friday after spending the past week with relatives near Monaca church.

Mrs. James Day is some better at this writing.

Miss Lulu Chase spent from Thursday until Saturday with Johnstown relatives.

Miss Wm. Sears and family of Appleton spent the latter part of the week visiting friends at this place.

Miss Kula Cossna of Bellshire, Newark, is spending a few days at her home here.

Miss Chas. Fisk and daughter Golda of Wilkin spent Saturday night and Sunday with relatives here.

Mr. and Mrs. Ward Little of Windy Fork spent Saturday and Sunday with the former's parents, Mr. and Mrs. Arch Little.

Misses Verna Frey and Velma Dugan

CROP REPORT ISSUED TODAY

(ASSOCIATED PRESS TELEGRAM)

Columbus, O., July 3.—According to the July crop report issued by the department of agriculture today the condition of growing wheat is 94 percent of a full crop. The damage from joint worm, according to the report is only 4 percent.

Previous reports from agricultural experts were to the effect that the wheat crop was about 50 percent. The report of the state agricultural bureau is based on data gathered by 928 farmers who are said to have been in touch with the situation.

The corn acreage is 3,044,078, 95 percent of last year's crop and the growing conditions is said to be 97 percent. The potato acreage is 97,500, 94 percent of last year and the condition is given as 86 percent. The report also shows barley prospect 89 percent, rye 91 percent, oats 81 percent, and timothy prospect 76 percent.

World's Largest Pharmacy. The largest pharmacy in the world is not to be found in this country, but in Moscow. It goes by the name of the "Old Nikola's Pharmacy," for it was established more than two centuries ago. The present immense quarters were especially constructed for the business, which was acquired in 1833 by the father of the present manager.

TO HELP NATURE SHED A BAD COMPLEXION.

(From The Family Physician) Beauty devotees are enthusiastic over the beautiful qualities of an excellent skin. Perhaps nothing discovered within recent years accomplishes so much so quickly, without harm, without drying, or irritating, as the use of small amounts of the principal reason for its wonderful merit is that it works in harmony with physiological laws, instead of fighting or "curing" complexions. It removes them. The wax actually takes off the aged, faded, salted, brown, or blotchy particles, gently, gradually, causing no inconvenience. It is Nature's way of renewing complexion. When the natural process is retarded because of deficient circulation or nerve tone, morerized wax comes to the rescue and hastens the skin shedding. The new complexion which appears is a natural one, youthful, healthy, exquisitely beautiful. If you've never tried morerized wax, get an ounce of it at the drug store, use it night like cold cream, washing it off in the morning.

Another natural beautifying treatment for wrinkled skin is to treat the face in a lotion made by dissolving an ounce of ascorbic acid in half pint of water. This is remarkably and instantaneously effective. (Adv.)

MILLERSPORT.

M. E. quarterly meeting will be held at Mt. Zion Saturday and Sunday afternoon.

Howard Spurgeon has been spending the past week with his aunt, Mrs. A. B. Gray of Jacksonville.

Van Elder has been appointed substitute mail carrier. The regular carrier Benton Spurgeon is taking his vacation.

Olivera Chmer will teach the primary, room. Edith Osbourne, second room; Mr. Bodine, third room; Mr. McLaughlin, principal.

George Dilger and mother were called to Rushville to attend the burial of Mrs. Adeline Diger. Dilger of Bucyrus, who died as a result of injuries received in an automobile accident in Bucyrus. She was with some others who were returning from Dayton, where she had been visiting her daughter.

Tillie White of Columbus is visiting relatives here.

THE DIFFERENCE.

"Is that man who is running around giving advice, a lobbyist?" "Certainly not. He is on our side of the argument." —Washington Star.

It was Acting President William Jennings Bryan on July 4th in the absence of the President and Vice President from Washington. And absolutely nothing happened to the country. When one recalls the Republican calamity howls of 1896 and 1900 and 1908 it seems incredible that Mr. Bryan could be President for even an hour without the Republic tottering upon its foundations. We have progressed somewhat during the past few years.

A Philadelphia newspaper claims that a great wail of sorrow and disappointment went up from the assembled veterans at Gettysburg, both Confederate and Union, because Colonel Theodore Roosevelt was not invited to be one of the stars of the reunion. But there are many people who cannot feel this profound grief. When the battle of Gettysburg was fought Mr. Roosevelt had reached the advanced age of four years and eight months, and it is doubtful if his services would have been welcomed there even in the capacity of a precocious and heroic drummer boy. As an ex-President his claims are no greater than those of Professor Taft. Far different, of course, will be the case when the semi-centennial of the capture of San Juan Hill is celebrated in 1948.

GET AFTER THE FORGERS.

(Cleveland Plain Dealer.)

The people of Ohio will approve any measure likely to be taken to bring to punishment those who may be found guilty in connection with the forging of names up in initiative and referendum petitions. The charges are serious. Steps cannot be taken too quickly or too vigorously to bring the whole matter to light.

The statement made upon reliable authority that a considerable number of signatures upon referendum petitions in Licking county are fraudulent and that only a small proportion of the signatures purporting to have come from another southwestern Ohio county are seemingly valid, are enough to rouse the officials to action. One need not be surprised to see some significant developments within a short time in connection with these accusations.

Every consideration demands that the state shall throw its full protecting authority around the act of signing initiative and referendum petitions. Affixing one's name to such a paper is virtually a law-making act. A voter's name is his own; it cannot be trafficked in; cannot be bought or sold and cannot be used without the consent.

July 8 in American History.

- 1786—General Abercrombie's attack on Fort Ticonderoga (French) with 15,000 British was repulsed with a loss of 2,000.
- 1778—French fleet arrived in Delaware bay to aid the Revolution.
- 1790—Fitz Greene Halleck, poet, born; died 1867.
- 1863—Federal General N. P. Banks received the surrender of Fort Hudson, La., after a siege of six weeks.
- General J. H. Morgan, at the head of 4,000 Confederate raiders, crossed the Ohio river into Indiana.
- 1897—Senator Isham G. Harris, noted Tennessean, died; born 1818.

ASTRONOMICAL EVENTS.

Evening stars: Jupiter, Mercury. Morning stars: Saturn, Venus, Mars. The cluster of faint stars forming a letter V seen midway between the point overhead and the western horizon about 9 p. m. are called "The Hair of Berenice" (Coma Berenice).

ON SECOND THOUGHT

It was George Ade who said there is always "room and board at the top."

If a girl is lucky enough to marry by the time she is 24 the other girl, say she has been robbed of her girlhood.

If you haven't seen a relative for thirty years, let it go at that. Do not bother to look him up.

It is often said, "The fools are not all dead yet." It is worse than that. The fools are largely in the majority.

A drowning man comes twice to the surface before sinking for the third and last time. But a Congressman who has been defeated for reelection seldom reappears.

Nearly every worthless man has a little political influence.

If elderly widowers seeking wives would confine their attentions to elderly widows, half the gossip in the world would be eliminated.

For most men in politics the next stepping stone is plainly marked. But after a man has served four years as governor of his state the rule is that he disappears and never is heard of again.

A dog is dog. A cur is a man who retails gossip about a woman.

With a man buying a new hat is an incident. With a woman buying a new hat is an event.

A man uses a telephone for the purpose of facilitating his business and social operations. A woman's use of it is restricted largely to asking the central operator what time it is.

First Things

"Hold the Fort," the famous hymn which has been sung by millions all over the world, was first heard in 1871 at musical gatherings in the Northwest held by P. P. Bliss, the words and music of the song "singable evangelist," who wrote both the words and music of the song. Bliss was born in Clearfield county, Pa., seventy-five years ago today, July 8, 1843, and died at Ashtabula, Ohio, in 1876. "Hold the Fort" was inspired by an incident of the war between the North and South, and was composed in 1871. It gained almost immediate popularity and its adoption by Moody and Sankey spread it all over the globe. Mr. Bliss wrote many hymns and considered "Hold the Fort" one of the least meritorious of his efforts, but this estimate has never been shared by the religious world. The monument to Bliss erected at his birthplace bears the inscription, "Hold the Fort." From the literary and artistic viewpoints "Hold the Fort" has little merit, but it contains elements that continue to make a powerful appeal to the emotions of millions.

"UNTANGLE IT YOURSELF." "This article says oleomargarine is made of beef fat."

"Yes, and the person who eats lots of it will be fat."

"Well, if beef fat makes a person be fat that is nothing to beef at."—Houston Post.

Uncle Walt's Philosophy

Fresh Air

The more one tries to swat the flies, the more they keep him swatting. I've killed a peck, and yet, by heck, upon their trail I'm trotting. From break of dawn till day is gone I keep my swatter swinging, yet they arrive in blocks of five, their aunts and cousins bringing. They come in herds, the beastly birds, to haunt me in my slumbers, and though I swat till I am hot, I can't cut down their numbers. I often think of that old sink renowned for vain endeavor, who rolls a rock uphill a bit, and rolls it up forever; his job is bad, the poor old lad—no wonder he's a kicker. I sympathize who swat the flies and find them growing thicker. We bluff and swipe when flies are ripe, we slug and smite and spank them; we charge around and swat and pound, and fiercely cry, "Dana blunk t'um!" No time to read the poet's screed, no time for talk up-lifting, no time for thought—we still must swat, along our pathway drifting. No time for song—the whole day long we ply our sad vocation; no time to die while there's a fly that needs decapitation. What wonder, then, that swatting men grow weary or their swatters, and, faint and weak, let out a shriek, at which the welkin totters?

—Uncle Walt

The Human Procession

John Davidson Rockefeller begins his seventy-fifth year today, but, despite the weight of years and wealth, he is not bowed down by the burden nor weary of life, and has often expressed the hope that he may live to pass the century mark. The birthday of the world's richest man is always marked by a steady stream of messages of congratulations from prominent men all over Europe and America.

It has been persistently reported that the oil magnate intends to spend his last years in England, on an estate in Devonshire, but this has been categorically denied by Mr. Rockefeller, who asserts that he has never dreamed of such a thing.

"The good old Stars and Stripes are good enough for me," he is reported to have said. Considering the number of good old American dollars he has accumulated under said good old Stars and Stripes, the patriotic sentiment does him proud.

Mr. Rockefeller has often explained his system for acquiring great wealth, but, as there appears to be about the usual number of poor people in these parts, the advice must have escaped their attention. Here is John D.'s recipe for getting rich:

"Save your pennies."

There's the entire secret, told in simple words of one and two syllables. After this, there is absolutely no excuse for poverty.

The recipe was first published less than a year ago, but it has already made many on the road to affluence.

One little girl, it is reported, has already acted on the oil king's advice to the extent of saving 130 pennies, and all she has to do now is to save 99,999,999,970 more pennies to be as rich as Rockefeller.

It's the easiest thing in the world to save a billion dollars, the estimated amount of Mr. Rockefeller's increment, now that he has explained the secret. Indeed, it is so simple that the wonder is we are not all millionaires.

Positively all that one has to do to accumulate a billion dollars, which is 100,000,000,000 cents, is to "save the pennies" at the rate of 3,340 a minute, twenty-four hours a day, for three score years and ten.

Of course, most of us won't do that. We squander our pennies on cigars, and ice cream sodas, and food, and beer, and clothes, and educating our children, and such things, and at the end of the year what have we got? Nothing. Absolutely nothing.

If Mr. Rockefeller realizes his ambition to live to be a hundred, and if he keeps on saving pennies at the present rate, he will, on his hundredth birthday, have—

Well, he will have nearly everything, as nearly as I can figure it.

Benjamin La Fon Winchell, former president and now receiver of the St. Louis and San Francisco railway, was born in Palmyra, Mo., fifty-five years ago today. He commenced his railroad career as an employee in the Burlington shops at Hannibal, Mo., and worked his way up to the presidency of the Rock Island and the Frisco systems.

The Rt. Hon. Alexander M. Carlisle, long the head of the great Harland & Wolff shipbuilding firm of Belfast, and a recent American visitor, was born at Ballymena county, Antrim, fifty-nine years ago today. He once owned the Belfast shipbuilding plant as an apprentice at the age of sixteen.

Rid Your Children of Worms.

You can change fretful, ill-tempered children into healthy, happy youngsters, by ridding them of worms. Tossing, rolling, grinding of teeth, crying out while asleep, accompanied with intense thirst, pains in the stomach and bowels, feverishness and bad breath, are symptoms that indicate worms. Kickapoo Worm Killer, a pleasant candy lozenge, expels the worms, regulates the bowels, restores your children to health and happiness. Mrs. J. A. Brislin of Elgin, Ill., says: "I have used Kickapoo Worm Killer for years, and entirely rid my children of worms. I would not be without it." Guaranteed. All druggists, or by mail, Price 25c. Kickapoo Indian Medicine Co., Philadelphia and St. Louis.

A HUMANE CONSIDERATION.

"This is a first class polo pony," said the dealer.

"You think he really understands the fine points of the game?" asked the diffident man.

"As well as you do."

"Then I won't buy him. To compel him to share the responsibility for the I play it would be cruelty to animals."—Washington Star.

Wisdom from Washington

By ARTHUR W. DUNN.

Washington, July 8.—[Special.]—Not intervention, but diplomatic energy; not the war department, but the state department; not the threat of troops, but the warning voice of ambassadors and consuls is what Americans in Mexico desire. At least that is what I gather from the somewhat desultory and fragmentary discussions I have heard on the subject of our relations with Mexico as voiced by those who are dissatisfied with what has been done and what we are now doing. "Americans in Mexico," said Senator Fall of New Mexico, "ask that the present diplomatic policy of the United States be succeeded by the true Jeffersonian and Hamiltonian principles of diplomacy for just a little while."

Senator Lodge asserted that our consuls had been admonished against "too much zeal" and had not been properly backed up by this government.

What Can Diplomacy Do?

There was a very interesting discussion as to what diplomacy could do in Mexico. "Diplomacy cannot enforce anything anywhere outside of the United States," declared Senator Bacon.

"When diplomacy fails, what then?" asked Senator Smith of Arizona.

"Then it is a question whether or not force shall be used," replied Bacon.

Senator Lodge then told about a German family that had been killed in Mexico and the German minister, without threat of war, had collected 100,000 marks indemnity, and, although eighty Americans had been killed and much property destroyed, he had not heard of the collection of any indemnity by this government. No senator seemed to think it pertinent to the discussion to ask what good the 100,000 marks did to the German and his family who had been killed.

After a lengthy wrangle it was found that diplomacy will do just as much as the fighting elements in Mexico are willing to concede and no more.

Label the Lobbyists.

"Label the lobbyists as well as register them," said Congressman John Garner of Texas. "Then every member of congress will know when he is talking to a lobbyist. He can find out what he represents and everything will be fair and above board. At present a man comes along and says he would like to have me support a certain bill. I look it over and find it all right and tell him I'll vote for it. He goes off to his employer and tells him I'm fixed. Perhaps he collects money for handling me. I wonder," said the Texas man pensively, "how often Texas congressmen have been sold without knowing it."

Protest Against Secrecy.

Protests against the secret method of preparing legislation is becoming more pronounced. Both parties are to blame for this manner of conducting public business. The more important the bill the closer the corporation—that is, the fewer men—framed and present it. The only open consideration of the tariff bill was given in the house for a few weeks after it had been fixed to stay.

For weeks the senate has been fixing the bill as the majority want it behind closed doors, and the open discussion will not change it. The Republicans proceeded in a like manner four years ago, but it is not the popular way of doing public business.

The Brightest Men.

The house was discussing the difficulty young men experience in getting into the Naval academy. Hardy of Texas said most of the appointees from that state failed. Saunders of Virginia said the Virginia appointees nearly always passed. "I infer," said Jim Mann, "that Texas sends her brightest men to congress and Virginia sends her brightest men to Annapolis."

Remain in Washington.

Although the house excused all its members, practically told them to go home and stay there until the middle of July, all the members do not avail themselves of the privilege. At least 150 members were on the floor at the different sessions last week, and, although this was far short of a quorum, there were enough to transact all the business that was brought forward.

THE NEW EUGENICS.

Madge: "Did Charlie ask your father last night?"

Marjorie: "No, he forgot to bring his income tax receipt."—Town Topics.

Daddy's Bedtime Story

The Clever Crabber and the Giant Crab.

THEY were going to the seashore some day with grandpa, and Jack and Evelyn could talk of nothing else for a week ahead. Grandpa and a friend were going crabbing. The friend lived at the seashore and owned a boat.

"Be careful the crabs don't catch you," daddy warned.

"Why, we are a heap bigger than they are," Jack said.

"Crabs don't catch people," Evelyn added.

"Well, some crabs are most large enough to catch folks. I once knew a man who was very fond of crabbing. He had crabbed every since he was a very small boy."

"When he had spare time and wished to amuse himself he would go crabbing. So it was quite what might be expected that when he went to Japan on business one of the first things he should ask about was the crabbing."

"The little brown fishermen shook their heads. They did not go crabbing for fun. My friend did not have much of an opinion of the Japanese after this."

"I'll hire a boat some day and go out and get some crabs," he said.

"He took the boat and went out. He fished with a net known as a seine, and it was a good thing he did."

"After the boat reached what he thought might be a good place over went the net."

"It seemed as if this crab must have been prowling around under the water waiting to hop into that net so soon did he catch it."

"When he felt the net grow heavy the man dragged it up. As it reached the top of the water he drew it over into the boat, but not without some trouble. When he saw what he had caught he almost fainted."

"The crab was a huge fellow and was struggling to get out of the net. He looked so fiercely at his captor that my friend just took the net and dumped it overboard. Then he made for shore as fast as he could."

"He had lost his net, and when the old Japanese fisherman from whom he had rented both boat and net asked for his seine he was ashamed to tell him. He had been so frightened that he had thrown it overboard with the crab he had gone to catch."

"This gentleman lived in Japan to learn about the giant crab. It can deal hard blows with its big claws. The Japanese fishermen are very careful when they go out to catch it, for a crab can give them a painful wound if it gets a chance."

"In the American Museum of Natural History in New York there is a crab which is twelve feet long, and crabs have been seen which are sixteen or eighteen feet across. These, I am sure, would not be nice for small boys and girls to meet on the seashore when the crab was in a bad humor."

The Quality of Service

Merchandising without advertising's helpful aid is a custom that is more profitable in the breach than in the observance.

Run over in your mind a dozen first grade businesses that serve the public with daily interesting news of all that is going on within their spheres of activity—and then, if you can, think of just one establishment, great or small, depending upon the patronage of the public, that does not advertise in some way or another.

The advertiser not only renders the public a distinct service in presenting his announcements frequently, but he also has perfected a high quality of service in his relations with his patrons that is of an unusually satisfactory order.

One of the big things in business today is service, and we think that it is found in its finest development in those progressive concerns who, through the medium of the daily newspapers, tell you the interesting things you ought to know about themselves, their quality of service they have to offer you.

LITTLE BENNY'S NOTEBOOK

Pop bawt hoam a funny looking Hittel dawg yestidday, saying to ma, The bosses famerly is going awn a little trip, so I promissed to keep his sky terrier for him ovir nite.

After suppur me and the dawg started to play in the setting room while pop was reedding and smooking and ma was jest reedding, the dog having hare sticking out all over him, evin own his faze, looking as if it didnt bewlawn there, and I sed, Ma, wy do they call it a sky terrier.

O, jest beakuse, sed ma. Yes, but wy do they, I sed. Kant you see im reedding, sed ma. Heer, heer, mothr, sed pop, thats no way to answer a yewthfill therst for nollidge, its the dooty of evvry parint to do his darndist to answer fool kwestshins as peroundid by the yung idel, now suu, wat is it you want to no.

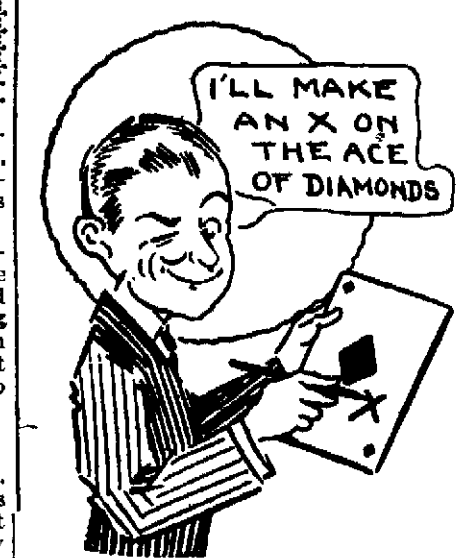

Wy do they call it a sky terrier, I sed. Well, y dont you tell him, sed ma. Wy do they, pop, I sed. Well, to tell the truth, sed pop, thares a variety of reozins.

Is it beakuse they kum from the sky, I sed. Well, thats wun reezin, I suppose, sed pop, or, awn sekind thawt, I nite say that thats the prinsippil reezin.

How do they git down, jest fly down, I sed.

Thats the jenrel ideer of it, sed pop, and I hare started to reed the papir awn, and I thawt of sumthing and I picked the dawg up and kivered it with my yugars and klymed out the window to the roof and put the dawg all the way ovir the edge to see if he wood fly down, but he didnt, and I started to push him a littil, and the dawg started to back up and bark as if he didnt feel mutch like flyng, and jest then pop stuck his hed out the windo, saying, Hey thare, for the lover of Mike, wat are you doing, do you no yure skaring the nayberhloed to deeth, Mrs Wilson akcross the streat jest sent her dawter ovir

Answer to Monday's puzzle—Feast.

to say yure giving her nervuss prosperity, I repet, wat are you doing. Im ovn trying to make this sky terrier fly down to the payment, I sed. Yee gods, sed pop, the bosses peddygred \$500 dawg, ye gods, kum in heer. Meaning me. Wich I did.

Lamb's Stammer.

If you must stammer try to stammer to yourself. When you have out-tutted and gurgled sufficiently to yourself you will be ready with the word. It is quite astonishing how soon the inaudible stammer becomes unnecessary and the word is whipped out. But there are some men who hug a stammer—stammering always in the right place—lifting curiosity to tiptoe in the listener. Charles Lamb stammered, but always in the right place, as when he went to buy cheese (the story may be quite untrue). The shopman offered to send it home. Lamb inspected it. Then he asked for a bit of string. "I think," he said, "I could l-l-l-ead it home."—London Spectator.

To Women Seeking Health and Strength

For those ills peculiar to women Dr. Pierce recommends his "Favorite Prescription" as

"THE ONE REMEDY"

A medicine prepared by regular graduated physician of unusual experience in treating women's diseases—carefully adapted to work in harmony with the most delicate feminine constitution. All medicine dealers have sold it with satisfaction to customers for the past 40 years. It is now obtainable in liquid or sugar-coated tablet form at the drug store—or send 50-one-cent stamps for a trial box, to Buffalo.

Every woman may write fully and confidentially to Dr. Pierce, Invalid Hotel and Surgical Institute, Buffalo, N. Y., and may be sure that her case will receive careful, conscientious, confidential consideration, and that experienced medical advice will be given to her absolutely free.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, bowels and bowels. Sugar coated, tiny granules easy to take as candy.

Beats All How "GETS-IT" Gets Corns!

The New-Plan Corn Cure. No Fuss, No Pain, Sure and Quick.

You never used anything like "GETS-IT" for corns, before! You're sure at last that every stubborn corn that you've tried so long to get rid of

"How I Did Suffer from Corns for Years! "GETS-IT" did Them All in a Few Days!"

is a "goner." You apply "GETS-IT" in 2 seconds, that's all. "GETS-IT" does the rest. There's no more fussing, no more bandages to fix, no more no more pain, no more picking and gouging, no more rascals. "GETS-IT" stops pain, shrivels up the corn, and the corn vanishes. "GETS-IT" never fails, is harmless to healthy flesh, warts, calluses and bunions disappear. "GETS-IT" is sold at drug stores at 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago.

SANITARY WASHINGS

Are at your service day or night. Lady assistant. Free ambulance service. New Phone 1010; Old Phone 459.

4% Old Home
THE HEAVIEST TAX

that any family can pay is RENT, and this is a self-imposed tax, for any family can own a home if they but will.

There is neither satisfaction, nor profit nor permanency for the renter.

The rent tax never stops. It is as heavy in age as in youth, often more.

We make easy payment loans by means of which home owning becomes easy and practical for all.

CALL AND SEE US.

THE HOME BUILDING ASSOCIATION COMPANY OF NEWARK, OHIO

Provide a lot for the cows to graze in at night.

In Society

The Royal Neighbors Sewing Circle will meet at the home of Mrs. Ross Andrews of 56 Wing street on Wednesday. This will be an all day meeting and each one is requested to bring a lunch.

The following concerning Miss Zoe Fulton's appearance as soloist with Carl Bernthaler's Festival Orchestra in Pittsburgh is taken from the Pittsburgh Chronicle-Telegraph:

At last night's concert the chief attraction was, of course, the vocal soloist, Miss Zoe Fulton, whose fine contralto voice and decided stage presence have made her a decided favorite with the local public. As a member of the Aborn Opera company, appearing in "Tales of Hoffman," "Madame Butterfly," "Hansel and Gretel," and many other operas, Miss Fulton established her popularity, and she is now adding to it as a church and concert singer. She was heard last night in the well-known but always pleasing aria of Saint-Saens "My Heart at Thy Sweet Voice," with orchestral accompaniment, and as an encore she gave the delightful Barcarolle from "Tales of Hoffman," also with orchestra. Songs of Strauss, Thomas and Brahms, with piano accompaniment, followed in the second part. Throughout, the distinctive rich contralto quality of the soloist's voice, especially in the lower register, was agreeably in evidence.

PENNEY-TAYLOR.
The marriage of Miss Cora Bradley Penney and Mr. Guy M. Taylor took place at the home of the bride in Farmland, Ind., on Tuesday, July 1, at 10:30 o'clock in the presence of a few relatives. Rev. J. W. Huffman, pastor of the Farmland M. E. church, performed the ceremony. Miss Lottie Warren, a cousin of the bride, and Mr. Lawrence Hess were the attendants. The house was charmingly decorated with flowers and greenery. After the ceremony the following guests partook of a bountiful repast: H. L. Penney, father of the bride, S. J. Goddard and family, Ira Penney, Mrs. Will Fennell and children, of Albany, Rev. J. W. Huffman, wife and daughter, Mr. Lawrence Hess, Mrs. Gibson and granddaughter, and Misses Nettie and Lottie Warren and Mary Snyder. The young couple received many beautiful and useful presents. Mr. and Mrs. Taylor will make their home in Newark where the groom is employed in the B. and O. shops.

The Art Embroidery club met at the home of Mrs. George Weakley in Dewey avenue on Friday. A dainty luncheon was served the members.

Miss Nellie Friener will entertain the San Sule club at her home in St. Clair street this evening.

Misses Margaret Stockler, Gertrude Avery, Alice Avery, Dollie Worthington, Irene Simpson, Pearl Merriess, and Hanna McGee composed a house party at Buckeye Lake.

LIVINGSTON-SPEAKS.
Rev. Mr. Tyler united in marriage Mr. Edward D. Livingston and Miss Helen L. Speaks on Monday evening at his residence in Eastern avenue. The groom is a farmer residing near Wilkin's Corner, while the bride is the daughter of Mrs. Speaks of Allison avenue, and she has been employed as a bookkeeper at the A. H. Healey company. Mr. and Mrs. Livingston will reside near Wilkin's Corner.

The picturesque garden at the home of Mr. and Mrs. George Ball in Hudson avenue was the scene of an exceptionally pretty social on Monday evening given by a division of the Second Presbyterian church. The garden was brilliantly lighted by small electric bulbs and the Ball residence was given over to the pleasure of the visitors. Sherbert was dispensed during the evening, both in the house and the garden and a delightful impromptu musicale was given.

Thousands Visit the Flagship Niagara of Perry's Fleet

(ASSOCIATED PRESS TELEGRAM)
Erie, Pa., July 8.—Officers in charge of the reconstructed Niagara, Commodore Perry's flagship, tied to the dock here this week, given over to the observance of the centennial anniversary of the battle of Put-In-Bay, prepared to stretch sails and add the finishing touches that will make the old vessel sea-worthy for the voyage around the Great Lakes, which is to begin next Saturday night, when the fleet sails for Cleveland.

The rigging has been reproduced so that it is historically correct. The sails are of flax and the rope of hemp, both of which were said to have disappeared from the Great Lakes shipping more than half a century ago. Not a particle of metal, except the

Instrumental music was furnished on string instruments by Rev. Mr. Tullis, Messrs. Johnson, Manning and Fred Wright. A quartet composed of Messrs. J. W. Horner, William Reynolds, Bert Horton and Walthen, gave a number of selections and was assisted in a medley of old fashioned songs by Mrs. Don Tullis, Mrs. J. R. Fitzgibbon, Mrs. C. W. Miller, Mrs. Chandler Tucker and Messrs. Patton and Watkins.

BIG DOINGS FOR THE ELKS AT ROCHESTER

(ASSOCIATED PRESS TELEGRAM)
Rochester, N. Y., July 8.—With contests for nearly every office, from Grand Exalted Ruler to Grand Trustee, the first business session of the 49th annual reunion of the Grand Lodge Benevolent Protective Order of Elks opened this morning. Election of officers and the submission of reports were the chief business of the day. Supporters of Edward Leach of New York, candidate of the regulars, claimed a victory this morning with at least one thousand votes margin. They did not concede more than 600 to J. Cookman of Baltimore, the insurgent candidate. It was the intention of both factions to conclude the election today if possible. A hot fight for Grand Trustee is being waged between Samuel V. Perrott of Indianapolis and J. D. Jones of Scranton, and it may prove the closest contest in the list.

Every train entering the city brought more delegates today. The program outside of the business session included band concerts, a ball game and a roast fest. Tonight an electrical and floral parade of floats with fireworks will be held.

BAFFLED OVER DEATH OF GIRL

(ASSOCIATED PRESS TELEGRAM)
Wilkes-Barre, Pa., July 8.—The authorities are baffled over the mystery surrounding the death of Alice Crispell, 19, whose body was found in Harvey's Lake yesterday. Herbert Jones, the acknowledged lover of the girl, who occupies a cell in the county jail, said today that he will be able to establish his innocence. Jones was arrested last night because he was the last person seen with the girl on the night of the fourth of July. They had spent the evening near the shore of the lake, but Jones explains that he left her and went to his home.

Common Pleas Court.
In Common Pleas court on Wednesday the arguments of counsel will be heard in the suit of Henry Gourley vs. John L. Hughes, et al. The action involves the title to real estate situated near Utica.

A number of Newark people will go to Buckeye Lake tonight to participate in the White Dress Carnival. A number of prizes have been offered.

armament, is above the decks, and the bowsprit is lashed in position instead of being hoisted down.

The project to man the Niagara with old time fresh water seamen was abandoned today and it was decided by the officers in charge to place three petty officers on board. In the waning hours of the celebration the gang plank has been burdened with a constant stream of curious sightseers. Thousands were turned away as it was a physical impossibility for the sailors on duty to take care of the throng that sought passage over the plank. Today carpenters began the construction of a broader landing stage and it was expected that before nightfall the number of disappointed persons among the visitors would be decreased by many thousands.

FLYING BOATS WILL START ON 900 MILE TRIP

Chicago, Ill., July 8.—A fleet of five flying boats will shoot out of the Chicago harbor shortly after noon today for a 900-mile cruise to Detroit, the most remarkable trip ever undertaken by craft of the kind.

Accidents yesterday to two of the machines and injury to the lieutenant who was to have piloted the navy's boat, reduced the field of starters to one-half the original number of entrants. Two others were previously eliminated, bringing the number to start today down to five.

They are scheduled to start at 12:35 p. m. today. The aviators must maintain a speed of about fifty miles an hour to keep up with the schedule. The first stop will be made at Michigan City, Ind. The flyers will leave there early for Mackinac Bay, the noon control, and will proceed to Lake Harbor. The flying boats will skirt the east shore of Lake Michigan, touching at Manistee, Charlevoix and Mackinac, arriving at the latter point Saturday. A race around Mackinac Island is scheduled for Sunday. On Monday the trip continues through Bay City, and Port Huron and on to Detroit July 17. Weldon Cook damaged his machine in a try-out at Sandusky, O., yesterday and was forced to withdraw. Glenn L. Martin whose machine turned a somersault and sank off Grand Port yesterday, carrying the pilot and mechanic beneath it, will be repaired in time to start on the cruise Thursday, if the officials will permit. Martin is making non-stop runs, and hopes to overtake the fleet at Mackinac.

JOHANNESBURG THREATENED WITH THE "BLACK PERIL"

(ASSOCIATED PRESS TELEGRAM)
Johannesburg, South Africa, July 8.—Six thousand native black laborers from three of the large gold mines in Rand, joined in the labor upheaval this morning. Should the disaffection among them spread to the other 250,000 natives employed in the Reef it will mean that the white inhabitants will be confronted again with the "black peril" which has been quiet for some years.

The natives refused to descend into the mines until granted an increase in wages and 1,000 of them employed in one mine broke out of their compound. They were, however, awed by the leveled rifles of the troopers, and returned to their quarters.

Most of the white strikers have returned to work. Asphalt was known to the ancients and this material is said to have been employed as a binder in masonry by the Babylonians.

Personal

J. W. Davidson is on a business trip to Quincy.

E. O. Stevens of Hudson avenue is in Mt. Vernon today.

George Hayden is on a business trip in Mt. Vernon.

Harold and Claude Beaumont are visiting at Buckeye Lake.

Eugene McCarthy returned from a visit to Cleveland yesterday.

W. L. Griffith and W. H. Mazey are in Columbus on a business trip.

Norman Kappinger of Toledo is visiting his parents on Spring street.

Mrs. Edna Foster and Mrs. Ida Coulter of Hebron are shopping in the city today.

Mrs. R. C. Race of Mexico, Mo., is visiting Mrs. W. D. Patton of 28 Pearl street.

Miss Hanna Sullivan will leave Sunday night for an extensive trip through the east.

Miss Mary Hall of Galion is visiting Mr. and Mrs. William Hall in the Granville road.

F. H. Clippinger of the J. B. Miller company of Dayton, is in the city with a line of pennants.

The Misses Buckingham of Hudson avenue are registered at the Breakers Hotel in Cedar Point.

Charles L. Wolfersberger of the Independent Supply company of Columbus is in the city today.

Mrs. Samuel S. Cohen will leave for Atlantic City Sunday evening where she will visit her parents.

Mr. and Mrs. Samuel Morrow and Dr. and Mrs. Loveless of Granville were in the city Monday.

Mrs. H. E. Wilson and children of South fifth street are spending the week in Belaire, visiting relatives.

Luther Benner of Clayton & Company's pharmacy, is spending his vacation with friends near Jackson town.

Dela Hett of Mt. Carmel Hospital, Columbus, is spending her vacation with her parents at their home on Sixteenth street.

Miss Clotilde Howard returned yesterday from Buckeye Lake where she was a guest of Miss Florence Harding of Dennison, O.

Mr. John F. Carr left Sunday evening for Coshocton after spending several days with his family in North Fourth street.

Mrs. M. L. Shively of Pleasant street will leave Wednesday for Bowling Green, O., where she will visit her mother, who is quite sick.

Miss Eva Morgan, Nellie Applegate, Nora Hubbard, Messrs. William McDonnell, Harry Kelly and Ray Marick spent Friday at Rain Rock.

Miss Lulu May Barrick will leave for Columbus tomorrow to assume a reporter position on the Ohio State company of Dayton, is in the city with

Stewart Sedgwick, who has been on an extensive trip through the west, left Chicago yesterday evening for Petoskey, Mich., where he will locate with the Petoskey Evening News and Resort.

Mr. Charles Gardner, Mr. Eugene Gallagher, Misses Blanch Gardner and Etta Priest of Lancaster spent a couple of days in Newark the guests of Mr. and Mrs. John Fishbaugh. Mrs. Fishbaugh is a sister of Mr. and Miss Gardner.

MAD DOG SCARE ALONG THE CANAL TUESDAY MORNING

On the complaint that there was a mad dog in the barn of the Newark Telephone company in the rear of the Columbia hotel at Fourth and Canal streets on Tuesday morning, Patrolmen Abbott and Stewart were dispatched to the scene and Patrolman Abbott shot the dog with his revolver. The dog evidently was without an owner and ostensibly was either mad or afflicted with fits and had been terrorizing the neighborhood for several hours.

PRES. WILSON ON GOLF LINKS

(ASSOCIATED PRESS TELEGRAM)
Hanover, N. H., July 8.—President Wilson tried another golf links today, this time the nine-hole course at Dartmouth college. He left Cornish early, and motoring thirty miles over green hills and valleys, arrived here before noon.

The college town is filled with summer school students and some of the young women tipped enthusiastically across the links to greet the president.

Bulgars Advance on Moravia River

(ASSOCIATED PRESS TELEGRAM)
Vienna, Austria, July 8.—After repulsing several small Serbian forces, the Bulgarian troops have succeeded in penetrating to Veranya, the war commissary station of the Serbian army, according to a Sofia dispatch to Neue Presse. The Bulgarians, it says, are now advancing along the Moravia river. If this proves correct the Bulgarians have by their advance cut off a huge body of Serbian troops from Belgrade.

Youth, Slayer of Four, Sentenced to Death

(ASSOCIATED PRESS TELEGRAM)
Quincy, Ill., July 7.—Ray Pranschmidt, slayer of his father, mother, sister and Miss Anna Kaempfen, a young school teacher friend, was today sentenced to be hanged. The sentence was pronounced by Judge Guy Williams in the Circuit court.

Before pronouncing sentence Judge Williams asked the convicted youth if he had anything to say. The answer was: "I am innocent of the charge."

Australian are in training given to the smoking of cigars.

JOHN J. CARROLL

FAILURE

(Continued from Page 1.)
receiver for the American Water Works and Guarantee company.

W. J. Jones, formerly treasurer of the Pittsburgh Bank for Savings, but today made president of the institution, said after his election:

"The Kuhn's have entirely withdrawn from the bank. As it was they were only the nominal heads of the organization."

"There is no question about our bank. We have been here for fifty-one years and will be here for 100 more. We are backed by many Pittsburgh banks and they will come to the rescue should any unusual occasion demand it. We have also the support of the clearing house."

(ASSOCIATED PRESS TELEGRAM)
Washington, July 8.—Secretary McAdoo today still was contemplating the question of calling upon the department of justice to investigate the failure of the First-Second National bank of Pittsburgh.

United States Attorney Jordan at Pittsburgh and a special agent of the department of justice probably will make the contemplated inquiry.

Officials now are giving particular attention to the discrepancy between the sworn report of the bank to the comptroller of the currency on June 4 and the financial statement it published in the Pittsburgh newspapers. The report to the comptroller showed nearly \$2,000,000 in re-discounts or borrowed money, but that it was omitted from the published statement. The National bank act requires the publication of the statement in the form submitted to the comptroller.

Treasury officials today reiterated their confidence that the general banking condition in Pittsburgh and the entire country was sound and strong and that the failure of the First-Second National bank was simply the collapse of a weak spot, due as they phrased it to "unsound banking."

KUHN'S RESIGN.
(ASSOCIATED PRESS TELEGRAM)
Pittsburgh, July 8.—J. S. & W. S. Kuhn this morning resigned as president and vice president, respectively of the Pittsburgh Bank for Savings, at which a run is being directed.

The following officers were elected to take charge of the bank: W. J. Jones, president; L. M. Plumer, vice president; A. N. Voghtley, secretary and treasurer.

BANK ORDERED CLOSED.
(ASSOCIATED PRESS TELEGRAM)
McKeesport, Pa., July 8.—The First National Bank of McKeesport, controlled by J. S. and W. S. Kuhn, which was closed by the directors yesterday, today was formally closed by order of the comptroller of the currency at Washington.

BANK MISMANAGED.
(ASSOCIATED PRESS TELEGRAM)
Washington, July 8.—John S. Kelton Williams, assistant secretary of the treasury, who represented Secretary McAdoo at the closing of the Pittsburgh First-Second National bank, today declared that the institution had been seriously mismanaged and the extent of mismanagement would be determined by the department of justice.

It developed today that the treasury department yesterday offered the solvent Pittsburgh banks \$5,000,000 of government deposits to meet any emergency but that the offer was declined because the banks were in a position to meet the situation.

Entire capital and surplus of the First-Second amounting to \$5,500,000, has probably been wiped out, but officers of the bank have assured the government that depositors will be paid in full or nearly in full.

"Members of the clearing house committee of Pittsburgh," said Mr. Williams, "have assured the department that the banking situation is now well in hand, and that they believe that the clearing house association will be able to prevent any further trouble."

There is Comfort in

knowing that you can obtain one tried and proved remedy thoroughly well adapted to your needs. Every woman who is troubled with headache, backache, languor, extreme nervousness and depression of spirits ought to try

Doctors' Opinions About POSTUM

Are best expressed in their own words

Writing under date of May 13, 1913, one physician says:—

"From past experience I have become a strong friend of Postum. I am now advising its use over that of coffee altogether, and find that most of those who give Postum a trial become users of it."

"It is however sometimes very hard or impossible to get folks to purchase something when they don't know anything about it, and don't want to throw away money on a chance of liking it."

"Now, it occurs to me these people are not to be criticized for such feelings, but at the same time I am sure many of them would become friends of Postum if they could but have a sample of it placed in their hands."

"If you think this is a good suggestion, and will send me samples from time to time, I will see that they are placed among my patients where they will do the most good, for I believe it is to their interest to drink Postum rather than coffee. Postum is used in our home, but we buy it of our grocer, and we expect to keep right on doing so."

Thousands of coffee drinkers are victims of headache, nervousness, biliousness, heart trouble and indigestion, without knowing the cause.

More and more physicians are naming coffee as a common cause of these ills. Not every physician, however, finds time to send a sample following his prescription of

Instant Postum

If your physician recommends that you "stop coffee," or your own distress suggests a change, send your name and address with 2c stamp (for postage), to Postum Cereal Co., Ltd., Battle Creek, Mich., and a 5-cup tin of the new food drink—Instant Postum—will be mailed immediately. Nothing is so convincing as the happy results of personal experience.

"There's a Reason" for POSTUM

BEST CUTLERY AT OUR HARDWARE STORE THE PRICE IS RIGHT

Table Cutlery, Pocket Cutlery, Wood Cutlery, Face Cutlery—Everything that cuts in our store. We cut our prices down to the lowest notch when we put the figures on them. But we never shave the quality of any hardware we sell in order to shave the price. We want your business, and will give you hardware for hard-earned money.

Quarter Century Ago
(From Advocate, July 8, 1888.)
A burglar made an attempt last night to get into George R. Scott's place, but was frightened away.
George Ritter, the West Main street fruit dealer, has made a new venture, and now has a milk shake fountain running.
Wm. Kane, son of Patrick Kane, of Webb street, met with a serious accident Thursday. A firecracker prematurely exploded, burning the child's face and eyes.
Mr. Geo. A. Dorsey left for a year's trip through the west.

Fifty Years Ago Today, July 8.
The Confederate fortified post at Fort Hudson, La., surrendered to General N. P. Banks.
Heavy rain fell in the Potomac valley, increasing the Confederate difficulty in preparing to cross to Virginia. Meade's infantry column made slow progress in following up Lee's retreat.
Morgan's raiders, 4,000 strong, with ten cannon, crossed the Ohio river into Indiana.

Twenty-five Years Ago Today.
Locomotive engineers threatened a strike to avenge the arrest of fellow members for alleged dynamite plots.

MAJORITY OF THE TRAINMEN FAVOR STRIKE

(ASSOCIATED PRESS TELEGRAM)
New York, July 8.—Ninety-four percent of the members of the Brotherhood of Railroad Trainmen and of the Order of Railway Conductors out of 76,683 participating in a strike vote in the wage dispute with the Eastern railroads, are in favor of a strike. These figures were announced today at a joint meeting of union representatives and a committee of railroad managers.

When the conference convened the Erie railroad announced that it had withdrawn from the proceedings on the ground that it would be unable to meet any advance which might result. This practically invites a strike.

The Erie statement, signed by J. C. Stuart, vice president, says in part: "Similar proceedings in the past have resulted in increased wages, and while it may be possible for some roads to meet these increases, the Erie railroad is not in a position to do so at present. The wage increase demand amounts to 25 percent or a total annual cost, on the basis of present figures of practically \$1,200,000."

The Erie says it is willing to consider wages and conditions of individuals but will not agree to any general increase to any class of employees at the sacrifice of needed safety appliances and improved equipment.

DECEMBER.
"Nobody is worried nowadays by the fact that the twelfth month of the year is called the tenth, December," says a writer, "and no doubt even the ancient Romans soon got used to the anomaly when the new year was shifted back from March to January, though the old names of the months were retained. But there was one of them who made ingenious use of it—Lucius, a reasonably prosperous man under Augustus. He insisted on having certain monthly payments made fourteen times a year, arguing, when December came round, that as it was the tenth month of the year and there ought to be twelve there must be two more to be accounted for."

An Incautious Critic.
Almost the last work that Sir Edwin Landseer was engaged on was a life sized picture of Neil Gwyn passing through an archway on a white palfrey. This picture, in which the horse alone was finished, was bought by one of the Rothschild family and given to Sir John Millais to complete. One morning a celebrated art critic called and was much impressed with his work. "Ah, to be sure!" he said, going up close and examining a deer-hound, which almost breathed, in the foreground of the picture. "How easily one can recognize Landseer's dogs! Wonderful, isn't it?" "Yes it is wonderful," remarked Sir John, lighting another pipe. "I finished painting that dog yesterday and have done the whole of it myself." That critic was sorry he spoke.

GREAT COMBINATION.
Suitor—I cannot boast of wealth, but I have brains. The members of my literary club will tell you that you'd have the smartest debater in town for a son-in-law. Father—And I can assure you, my dear fellow, that you'd have the greatest lecturer in the town for a mother-in-law.

A PRACTICAL REASON.
"I wish this fellow wouldn't send you so many chocolates," said the other suitor. "Why?" simpered the girl. "Are you jealous?" "No, but I prefer to eat marshmallows."—Kansas City Journal.

Head off the lice and mites. Now is the time to thrust in the whitewash brush.

This Is YOUR Newspaper. Get Full Value From It

By HOLLAND.

THIS paper is yours. It is what you make it. It will serve you as well as you will let it. And it is only through the united force of the big family of readers that such a paper is possible at such a price. But do you get all out of the paper that you can get—all that you are entitled to? You do not unless you read the advertising columns. Besides the news of the day and the happenings of the world, there are advertisements that will keep you posted on business affairs, that will give you the news of the most reliable stores, what are the purest foods to eat, the most serviceable and fashionable merchandise and the most reliable products. GET THE HABIT. READ THE ADVERTISEMENTS AND PROFIT BY THEM.

METAL WORKERS TO PICNIC AT BUCKEYE LAKE

Sheet Metal Workers of Newark, Zanesville and Columbus are planning a big picnic at Buckeye Lake park August 2. Local employees in these lines stated Tuesday that they were not familiar with the plans but it is known that a program of events is being arranged, chief of which will be a motor boat race. A basket dinner will be another feature of the outing.

READY TO LAY KEEL OF NEW BATTLESHIP

(ASSOCIATED PRESS TELEGRAM)
New York, July 8.—Preparations have been begun at the Brooklyn navy yard for laying the keel of the latest United States battleship designated for the present as "No. 39" for which there is an appropriation of \$16,000,000. The vessel will be one of the largest man-o-war afloat. She will have a displacement of 31,400 tons; will be 608 feet long, 97 feet beam and have a draught of 28 feet, 10 inches. She will be laid down on the way recently vacated by the dreadnaught New York, which is now in the basin receiving finishing touches.

THE BLACK BEAN CLUB.
One of the fantastic clubs of London is the Black Bean Club, limited to 40 members, each of whom pays an entrance fee of £10 and a similar amount as annual subscription. They meet only once a year, and then a bag is passed round, containing thirty-nine white beans and one black bean. The member who picks the black bean is compelled to get married within the ensuing twelve months, and the remainder solemnly vow to remain single until the next meeting. A house is furnished for the prospective bridegroom out of the funds of the club, which also bears the cost of the wedding festivities and of a three weeks' honeymoon.

Janet Beecher to Wed a Young Lawyer

Janet Beecher, long a star in the firmament which David Belasco nurtures, has come to the conclusion that married life beats the stage, and accordingly she slipped away with Harry Guggenheimer, a young New York lawyer the other day and secured a marriage license. The couple kept the fact secret. But when they were discovered they admitted they were married.

Our July Clearance Sale

Commences Tomorrow Morning And Continues For Two Weeks
The Greatest Price Reducing Sale Held By Any Store This Season.

Prices That Make It Expensive For You To Buy Elsewhere.

We hold but two Clearance Sales a year, one in January, the other in July. The time for the July sale has rolled around and it means that a clearance of all surplus Summer goods must be effected at once, no matter what the cost. You who are familiar with our store methods know what this means. You realize that now seasonable summer merchandise can be bought from a third to a half less and the wearing season has just begun. Let nothing keep you away from this unusual money saving event. Be here tomorrow while assortments are more complete. We have listed but a few items in this ad from each department, others equally as good, and some better will be found throughout the entire store.

The Values Are On The Mountains. The Prices In The Valley.

Buy Domestics Now

FOR THOSE WHO WISH TO TEACH

Questions For Applicants For County Certificates.

EXAMINATION HELD JULY 5

Prepared by the State School Commissioner to Test the Mental Qualifications of Those Who Seek Positions as Teachers in the Public Schools.

Following is the list of questions prepared under direction of the state commissioner of public schools, and submitted at the county examination for teachers July 5, for elementary school certificates:

THEORY AND PRACTICE.

1. What are the duties of trustees of township, village and special districts? What is the purpose of the tuition fund of the Boards of Education?
2. Do (or would) you require your pupils to stand and spell orally each day? Do you favor "giving headmarks"? (Discuss these questions as one question.)
3. Do you favor school entertainments in which the pupils under the direction of one teacher furnish the program? What advantages or disadvantages do you see in having these programs often during the year, and having the parents and patrons of the district attend?
4. Do you think that the conduct of the teacher outside of the school house should concern the patrons of the district? Explain.
5. Show by a brief discussion of the subject that to know "How to Teach" is as necessary as to know "What to Teach."
6. Define Discipline. Point out several evidences of good discipline, or a lack of discipline in school.
7. "The greatest need of the schools today is more teachers of right personality." Discuss.
8. Specify several limitations in attending high school placed upon pupils by the Boxwell-Patterson law.

UNITED STATES HISTORY.

(Including Civil Government.)

1. Write at least six powers that are denied the States by the Constitution of the United States. (Without the consent of Congress.)
2. What does each of the following historical dates suggest: 1765, 1609, 1754, 1765, 1803, 1820, 1846, 1830, 1871, 1828, 1901 and 1906.
3. When was William Berkeley governor of Virginia? Who appointed him? Write briefly of Berkeley, as governor of Virginia.
4. Write briefly of the settlement of Massachusetts and show what part in the settlement was taken by the Pilgrims, the Puritans, and the Separatists.
5. When was the beginning of "The French and Indian War"? What were the causes and results of this war?
6. What was the cause of the "Boston Massacre"? When did this massacre occur? What were the results, as far as the people of Boston were concerned?
7. When was John Quincy Adams President of the United States? How was his election settled? Who were the other candidates for President?
8. What caused the panic of 1837? Compare the causes of the panics of 1837 and 1853.

ARITHMETIC.

1. My agent sells 500 lbs. of flour at \$10 a barrel, and sends me a check for \$4750. What rate of commission did he charge?
2. At 3 1/2 bushels an acre how many bushels of seed oats will be required for a field 660 feet long and 492 feet wide?
3. I sold two cows at \$45 each. On one I gained 20%, and on the other I lost \$17.50. For how much should I have sold the two cows to have gained 54%?
4. If 5 1/2 bushels of corn cost \$4.75, how much will 8 1/2 bushels cost at the same rate per bushel?
5. What is the weight of a 10-inch steel ball? (Specific gravity of steel is 7.8.)
6. To every 6 gal. of milk 4 pt. of water are added. Find the value of a pint of the mixture, pure milk being worth 7c a quart.
7. How many tons of silica in a silo 16 ft. in diameter, filled to a depth of 28 feet, if silica weighs 30 lb. to the cubic foot?
8. The distance from Columbus to Lancaster is 31 miles. A leaves Lancaster at 8 A. M. and walks toward Columbus at the rate of 3 miles an hour. B leaves Columbus at 9 A. M. and walks toward Lancaster at the rate of 4 miles an hour. At what time do A and B meet?

AGRICULTURE.

1. Why should there be a legume in every rotation of crops?
2. Name two general ways of which we maintain soil fertility.
3. What is a cover crop? Of what value are cover crops to the soil, to the growth of fruit trees?
4. Name some of the causes of injury to seed corn. Explain difference between a balanced ration and nutritive ratio.
5. What effect has lime on the development of nitrogen fixing bacteria?
6. Name at least 5 effects of good drainage on soil and crops.
7. What do you understand by the following terms: capillary water; water table; colodation?
8. Indicate what you consider a good crop rotation for your community. Give reasons.

LITERATURE.

1. Who wrote "A Psalm of Life"? What is the message of the poem? Quote at least four lines of the poem.
2. Relate briefly the story told in Lowell's "The Vision of Sir Launfal."

What part of the poem is most interesting to pupils?

3. What tribes of Indians were described by Cooper in his "Leather Stocking Tales"? Did Cooper understand the habits of the Indians? Name the books of the Leatherstocking series.
4. Write briefly of two of the following men: Edward Everett Hale, Bayard Taylor, William Dean Howells, and Walt Whitman. (Write something of their lives and works.)
5. Write the story told in Shakespeare's "Julius Caesar" or "Romeo and Juliet." Quote from the play about which you have written.
6. What series of readers have you used in school as teacher or pupil? Name four prose selections and four poems found in these readers, that are considered good literature.
7. What is a sonnet? An epic poem? A lyric? An elegy? Name one poem of each kind.
8. Who wrote "Westward Ho", "Jane Eyre", "The Reckless", "Silas Marner", "Ben Hur", and "Ramona"?

GEOGRAPHY.

1. Write briefly of the results (that is, the knowledge of the subject) you expect from a class that has completed the study of Geography in the elementary schools.
2. What facts do you emphasize most in the study of Geography? Of what value are map questions?
3. Name at least seven of the larger rivers of Ohio. Where and into what rivers or lakes do these rivers flow?
4. Make a list of the divisions and colonial possessions of the British Empire? What are the resources of the British Isles?
5. What are the principal industries of north-eastern Ohio? Of Cleveland? Of Dayton? Of the Miami Valley? Of north-western Ohio?
6. Locate Constantinople, Naples, Corsica, Stockholm, Bogota, Singapore, Tokyo, Luzon, Salonika, Ghent and Marseilles.
7. What railroads connect New York and Chicago? (Name three). Through what large cities of Ohio do these railroads pass?
8. What are the world's greatest wheat producing districts? In what respects are these districts similar?

GRAMMAR.

1. Show by illustration in sentences, the correct use of the comma, the semicolon, the colon, and the exclamation point.
2. Write a direct quotation, and explain the location of the quotation marks in relation to semicolons, colons, and periods. Change the quotation to an indirect quotation.
3. Write illustrations of the correct usage of *shall* and *will*, (a) to express the future tense or time, (b) to express volition.
4. Use the following words and phrases correctly in sentences: alike, to accept, beside, bunch, to expect, fewer, not, may, only, to rise, wonder, and real.
5. Give the syntax of the following sentence to show that you understand the meaning of syntax: Not many generations ago, where you now sit, circled with all that embellishes civilized life, the rank thistle nodded in the wind, and the wild fox dog his hole unscared.
6. Name the parts of speech of the italicized words of the above sentence. Give the mode and tense of each verb of the sentence.
7. Illustrate by a sentence, (a) a noun clause, (b) an adverbial clause, (c) a relative clause, (d) an objective clause. Is it necessary that a clause contain a verb? Explain.
8. What is a copulative verb? What is the grammatical subject? The logical subject?

PHYSIOLOGY.

1. Compare the red and white corpuscles with reference to size, shape, number, origin, and function.
2. What is or would be your practice of teaching sex hygiene to a school where boys and girls are in the same class?
3. Explain how the blood is conveyed from the arteries to the veins. How long does it take the blood to make a complete circulation?
4. What does the blood lose and gain in the pulmonary circulation?
5. Show by a drawing the general plan of the heart, locating and naming the essential parts. Show also the connection of the large blood vessels with the cavity of the heart.
6. Why is a variety of food necessary to good health? What are condiments? Do you recommend their use?
7. State the main purpose of the skeleton. What is the necessity for so many bones in its construction?
8. Name and describe the different parts of the ear. What is the eustachian tube?

ORTHOGRAPHY.

1. Write two synonyms for each of the following words: hot, busy, candid, clever, deliberate, foresight, frenzy, harbor, idle and morose.
2. What is the purpose of the diacritical marks? Name the diacritical marks and illustrate one use of each mark.
3. Show by four illustrations, that the accent often changes the meaning of words. Where is the accent of words of two syllables most generally placed? Write three exceptions.
4. What is a root word? A derivative word? What is a consonant digraph? Write three.
5. Spell, pronounce, mentally, conjugate, amorphous, malleable, convalescent, anaesthetic, nectarine, juniper, inaugurate, culled, cosmopolitan, eschelon, subterfuge, asterisk, knave, piazza, pensive, inebriated, unaccounted, hunch, encumbrance.

HIGH SCHOOL AGRICULTURE.

1. Write reactions and give names for NH₄Cl, KCl and CaCl₂.
2. What is charcoal? How is charcoal made? What is its commercial value?
3. Explain the construction of a match head. Complete the following equation: C₂H₄O₂ + 2H₂ = ?
4. Point out five beneficial effects of the cultivation of the soil. What is the result on vegetation of an over supply of water in the soil?
5. What is the most common way that the land of Ohio loses its fertility? What elements are lost to the soil in this way?
6. When and how should barn yard manure be applied to the soil?
7. When should seed corn be selected? State several points that must be observed in the selection of seed corn.
8. What is a plant disease? What is smut? What grains are destroyed by smut?

Out-Josephining Josephine in the Fashions Sent to the United States From Paris

This new Paris model is declared by fashion experts to be the latest invention of some of the great men milliners of the world's centre of fashion. The gown is copied from that of Josephine. It shows the revival of the directoire influence among French dressmakers. The feature of the gown is the seven-foot train which winds around the feet or is carried over the shoulder during the dance. The classic, simple lines which outline the figure are purely directoire.

CODEIN AND DIABETES

Jambul, Codein and Fulton's Diabetic Compound are known to reduce sugar in diabetes.

Why Jambul should reduce sugar in diabetes is not clear, but it is not curative and is little used.

Why Codein, which is largely used, reduces sugar in diabetes is known. The opium in it locks up the secretions, including the sugar. But it too is not a specific and the patients do not recover.

Fulton's Diabetic Compound, the only one of the three agents whose results we have known to be permanent, gets its results by reducing hepatic degeneration, thus enabling the liver to oxidize more sugar and starch and the system to assimilate it. The patients reporting recoveries are, without a single exception so far as we know, on Fulton's Diabetic Compound. We never heard of a case recovering under Jambul or Codein.

In view of these plain facts how can there be a question in the mind of anyone who has diabetes, as to what his treatment should be?

If you have diabetes and are of middle age or over you owe it to yourself and family to try Fulton's Diabetic Compound before giving up.

P. D. Hall, druggist, is agent. Ask for pamphlet or write John J. Fulton Co., San Francisco.

Talent.
The artist uses a stone, and it is a statue; the man uses a stone, and it is a doorstep.

The King of All Lavatives.

For constipation, headache, indigestion and dyspepsia, use Dr. King's New Life Pills. Paul Mathulka, of Buffalo, N. Y., says they are the "King of all lavatives." They are a blessing to all my family and I always keep a box at home. Get a box and get well. Price 25c. Recommended by Frank D. Hall, druggist.

WE CAN PAY

And Do Pay Five Per Cent on Time Deposits for Among Others, the Following Reason:

Fifth. Aside from having paid five per cent for over eighteen years we are not required to keep on hand such large amounts of actual currency as is required of other financial institutions. We keep our cash funds in the best banks and trust companies and get interest thereon, a gain to our company and a saving to our depositors. The Buckeye State Building and Loan Company, Bank Building, 22 West Gay street, Columbus, Ohio. Write for booklets. Assets \$6,500,000, adv.

WHILE ON YOUR VACATION
Have the Daily Advocate mailed to you at 25 cents per month. Circulation department, Auto phone 1233.

Southway Smokers.

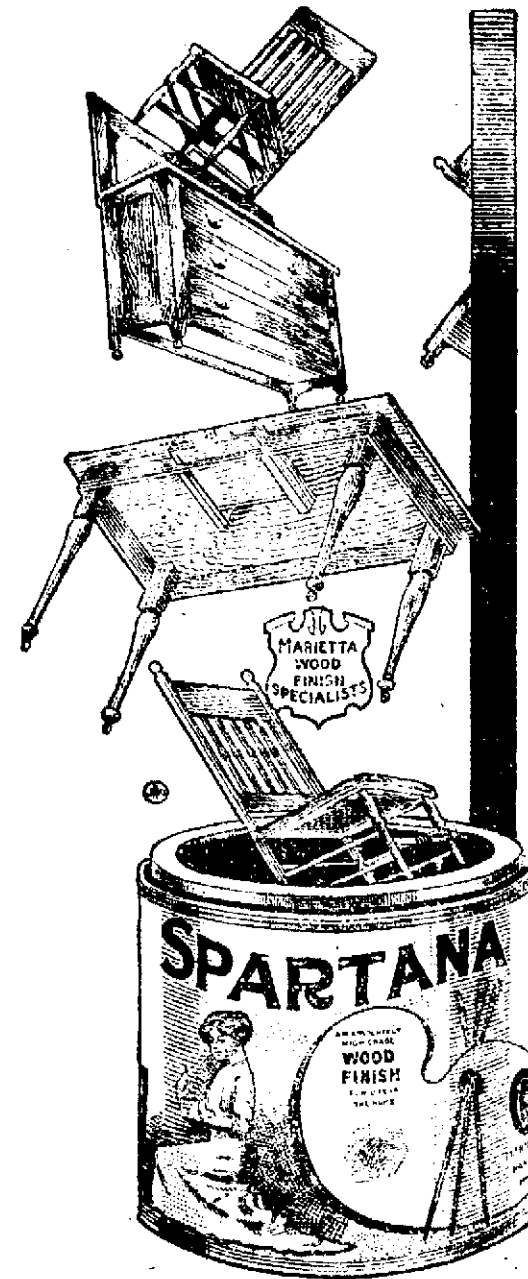

With his left hand he took pipe and tobacco from his pocket, and with his right hand he felt for a match. He had none. His fellow idler at the other end of the park bench gave him a match and then let his own cigar go out in his astonishment at seeing his left handed neighbor light his pipe with his right hand. "That's funny," said he. "You are just about the most confirmed left hander I ever met, yet for that little trick you use your right hand as if born to it."

"All left handed people do," was the reply. "I think over the list of your smoking acquaintances and see if you ever knew one who lit his pipe with his left hand. I'll bet you didn't. I never did, and I have numbered among my pipe loving friends several men whose right hand seemed nearly helpless for everything else."

—New York Press.

2 IN 1 BLACK WHITE TAN SHOE POLISHES

Easiest to use 10¢ for all shoes

The fountain of youth for floors, woodwork or old furniture is SPARTANA.

Dig up the discarded chairs, tables and whatnots in attic or cellar.

See how many of them you could use in kitchen, sewing room, play room or laundry.

Spartana will renew their youth and usefulness. Try it.

Spartana gives a hard, elastic and lasting surface to floors, doors, woodwork and furniture.

You can apply it yourself or refer it to your most practical painter. The more practical he is, the more he will approve it. Because it is a practical varnish stain. It flows evenly, without laps and dries over night.

Learn to grain with Spartana. SOLD LOCALLY BY

In The Heart of Cleveland

Security

consists of the new, massive, fire-proof, six story and basement, granite and terra cotta business building, fronting about 200 feet on Euclid Avenue, extending 480 feet through to Prospect Avenue, and fronting 215 feet on Prospect Avenue.

In the Heart of Cleveland's Finest Retail District

together with valuable, long term leased estates. We estimate a conservative value of security at \$1,500,000. The amount of mortgage, over and above the financial responsibility of the May Department Stores Company, the lesser.

We own and offer subject to prior sale, the unsold portion of the \$2,000,000 (total issue)

First Mortgage Gold BONDS 6%

secured by the mammoth new

May Department Store Building

(Erected by the May Building Company which is owned by the May Department Stores Co.)

Assets \$27,000,000 as Additional Security

Denominations \$500 and \$1000 Each

Maturing 2 to 20 years. Interest payable

March 1 and September 1.

These Bonds Have Our Unqualified Endorsement Because—

The building itself is purely modern. It is leased by the May Department Stores Company, with assets of \$27,000,000, at an annual rental sufficient to pay ABSOLUTELY all expenses, fixed charges, and the principal of bonds as they mature. The net earnings of the company for the year ending January 1913 were \$2,578,922.21 or nearly fifteen times the amount necessary to meet the requirements of the lease.

The serial payment of principal annually, increases the margin. Bonds mature 2 to 20 years and should increase in value as the margin of security becomes greater. Ample protection against fire, by first class fire insurance companies, and Mortgage Guarantee Policy, for protection of bondholders.

We Recommend These Bonds for Immediate Purchase

Price 100 and secured interest yielding 6% to purchasers.

CURED TERRIBLE HUMOR ON FACE

Could Not Go On Street Without Veil. Tells What Resinol Did For Her.

Philadelphia, Dec. 6, 1912. — "In December 1906, my face became worse. I tried everything that was recommended, and my face got worse instead of better. I spent over \$100 and got no benefit. The face and nose were very red and the eruption had the appearance of small boils, which itched me terribly. I cannot tell you how terrible my face looked—all I can say is, it was dreadful, and I suffered beyond description.

"I have not gone on the street any time since 1906 without a veil, until now. Just four months ago a friend persuaded me to give Resinol a trial. I have used three cakes of Resinol Soap and less than a jar of Resinol Ointment, and my face is perfectly free from any eruption, and my skin is as clear and clean as any child's." (Signed) Mrs. M. J. Bateman, 4256 Viola St.

Every druggist sells Resinol Ointment and Resinol Soap, but if you have any skin trouble it will cost you nothing to try them. Send to Dept. 14-M, Resinol, Baltimore, Md., for a free sample of each.

NEWARK MONUMENT COMPANY

MEMORIALS OF QUALITY

Dr. A. A. Thomen

Cleveland and Columbus Specialist

Will Visit

Hotel Warden, Newark

Thursday, July 10

9 a.m. to 5 p.m.—One Day Each Month

Every Man and Woman

Suffering from any chronic disease or disability may have

Free Examination and Consultation

No one can succeed in business or enjoy life who has ill health

Liver Stomach and Bowel Diseases

Will impair a man's usefulness, cause him to suffer much and may be the forerunner of many of the other ills of life.

Catarrh

Dr. Thomen's treatment for catarrh introduces the medicine into the blood current by Inhalation, Asthma, Bronchitis and Consumption, before there is destruction of lung tissue, also successfully treated by this method.

Nervous Diseases

Not always a trembling or shaking condition. Affects the mind as well as the body. Morbid fears, Melancholy. The will power weakened and often entirely lost. Sleepless or without recuperation or rest. Impairment of memory. The loss of the disposition to work. A more and more painful effort of the will to perform the daily duties. Loss of muscular strength. Heart palpitation or dropping a beat. Bad circulation. Cold hands and feet.

Special Diseases of Women

Many lives are sacrificed. Many receive no benefit. Many are made worse by hospital operations. The majority of all cases under a special course of treatment, diet and intelligent daily life will recover. Our home treatment is easily applied and will give the greatest benefit.

Kidney and Bladder Diseases

Frequent and dribbling urination. With all their complications treated with special remedies and preparations.

Special Diseases of Men

STRICTURE and all forms of disease of the urethra and prostate gland, treated by our medical bougie method of treatment without pain or detention from business.

BLOOD POISON treated without injurious drugs.

We cannot in an advertisement describe the many diseases that specially affect men. Call on us and we will examine you free, will tell you the best thing to do in your trouble. Thirty years a doctor, we bring to our patients the knowledge and skill acquired by practice and study.

BEST ORGANIZED MILITARY CAMP IN THE WORLD

(ASSOCIATED PRESS TELEGRAM)

Texas City, Texas, July 8.—What army officers say is the best organized and healthiest military camp in the world, stretches two miles along the shore of the Mexican gulf here. Four months ago the site of the camp was virtually a swamp. Transformation is one of the several big achievements of the American soldiers sent here last February.

Major General Wm. H. Carter, commanding the Second Division, U. S. A. said of the camp today. "The division here and at Galveston comprises one-third of the infantry strength of the United States army and with artillery, cavalry and signal corps, makes nearly 12,000 men. Bringing the division together has taught the officers and men the intimate needs of a big organization as to its equipment and has weeded out unnecessary paraphernalia and under standard animals. When the commands comprising the various divisions go back to their various posts, and are ordered to re-assemble for any service whatever, the commanding general can issue a single order which will cover the entire equipment of every man.

Probably the one most important accomplishment here for the American people has been the demonstration of sanitary standards.

"It has demonstrated methods tested at San Antonio, in 1911, as effective. We have been here for months, and the only case of typhoid fever developed was that of one man."

Major General Carter said double the number of soldiers could have been trained at Texas City without an increase of officers.

FOURTH STORY WILL BE ADDED TO BUILDING

Carpenters are at work adding a third story to the rear annex of the building at the southwest corner of Main and the public square, occupied by the Roe Emerson clothing store. A scaffold has been erected and work on the addition is already under way. It is the intention of Mr. Emerson to build the annex up even with the front portion of the structure, thus providing him with considerable additional room and better facilities for handling an increased stock of furnishings.

CONFERENCE

Being Held by Union Leaders of Railway Men at Which Strike Vote Will be Announced.

(ASSOCIATED PRESS TELEGRAM)

New York, July 8.—The wage dispute between the Brotherhood of Railroad Trainmen and the order of railway conductors, on one hand and fifty-one Eastern railroads on the other, took the form of a conference today at which the union leaders were to announce the result of a strike vote recently taken among the \$2,000 men involved. It was conceded before the meeting that the vote would be overwhelmingly for a strike. This does not mean that a walkout will follow, however. The unions hope to force arbitration under the Erdman act, as was the case in the firemen's demands.

SUFFERED AWFUL PAINS

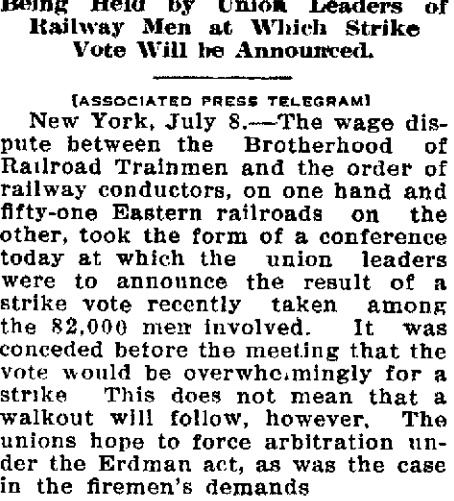

For Sixteen Years. Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Moretown, Vermont.—"I was troubled with pains and irregularities for sixteen years, and was thin, weak and nervous. When I would lie down it would seem as if I was going right down out of sight into some dark hole, and the window curtains had faces that would peek out at me, and when I was out of doors it would seem as if something was going to happen. My blood was poor, my circulation was so bad I would be like a dead person at times. I had female weakness badly, my abdomen was sore and I had awful pains.

"I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash and they certainly did wonders for me. My troubles disappeared and I am able to work hard every day."—Mrs. W. F. SAWYER, River View Farm, Moretown, Vermont.

Another Case.

Gifford, Iowa.—"I was troubled with female weakness, also with displacement. I had very severe and steady headache, also pain in back and was very thin and tired all the time. I commenced taking Lydia E. Pinkham's Vegetable Compound and I am cured of these troubles. I cannot praise your medicine too highly."—Mrs. LNA MILLER, Gifford, Iowa.

Dr. Thomen's treatment for catarrh introduces the medicine into the blood current by Inhalation, Asthma, Bronchitis and Consumption, before there is destruction of lung tissue, also successfully treated by this method.

PROPOSE BAND CONCERT FOR NEWARK FOLKS

A movement has been started to give weekly band concerts at some point in the down town district, probably in the court house park. As yet the day of the week has not been definitely decided upon, the business men being equally divided as to Wednesday and Saturday nights. Merchants are being solicited to give to a fund being established to partly defray the expenses.

PRAYER MEETINGS WELL ATTENDED

The prayer meeting attendance conducted between Evanston church, Cincinnati, Forest avenue church, Dayton, and the Second Presbyterian church of this city is attracting wide attention. At present Cincinnati is leading with 79 per cent. Newark second with 56 per cent and Dayton third with 32 per cent. The service at the Second church this week will doubtless exceed any attendance upon a prayer meeting in the history of the church. The pastor is counting on 400 being present. If the weather permits the service will be on the church lawn. Corbett will lead the music and the male quartette will sing the numbers. The talk will be illustrated by fifty stereoscopic views on "The Coming City." This is an address on the city beautiful for which we are working in Newark. Everyone welcome. The hour is 7:15 p. m.

Stomach on a Strike

We all ask too much of our stomachs. For days, weeks and months we eat at irregular hours, overload our stomachs, eat too rapidly and are careless as to whether our food is well cooked or digestible. So far as the stomach is concerned, we show it little or no consideration until one day we find that the stomach has gone on a strike. We sit back in despair. The stomach is rebellious to the degree in which we have abused it. No amount of coaxing, careful dieting and regular hours for eating have the least effect.

The proper treatment for stomach trouble is understood by very few sufferers. The symptoms seem to show that something is wrong with the stomach. The trouble in reality is deeper. The loss of appetite, discomfort after eating, nausea, gas and pains have little to do with the stomach or food, but are directly caused by the blood which your careless habits have made impure. The proper treatment then is to build up and cleanse the blood. A thorough trial of

Dr. Williams' Pink Pills for Pale People

will do this well. You can take them with every confidence that they will make your blood new and pure.

Sufferers who have tried Dr. Williams' Pink Pills recommend them enthusiastically. A few such endorsements are given in our diet booklet, which will be sent free. It also treats of constipation.

Dr. Williams' Pink Pills are sold by all druggists at 50 cents per box or six boxes for \$2.50 or they will be sent, postpaid, upon receipt of price by the

Dr. Williams Medicine Company, Schenectady, N. Y.

PRES. WILSON SAID TO HAVE BEEN IN DANGER

Aboard the Yacht Mayflower When Shell From Proving Grounds Narrowly Missed Vessel.

(ASSOCIATED PRESS TELEGRAM)

Washington, July 8.—While both the officers of the President's yacht, the "Mayflower," and officials of the department were reticent today concerning the near accident to the vessel last week when a shell from the proving grounds at Indian Head, Md., was said to have narrowly missed the ship with President Wilson aboard, it is believed an investigation of the affair will be ordered.

It was declared today that the shell itself passed over the "Mayflower" at a safe height, but the danger was caused by the dislodgment from the shell from the rotating band, a curdlet of steel 12 inches wide which fell close to the vessel. So loud was the screech of the shot, that the "Mayflower's" crew are said to have rushed on deck to ascertain the trouble.

At the time President Wilson was said to have been sitting on the after-deck with Dr. Cary T. Grayson, his physician. So far as known the President made no comment or complaint on his return to the White House.

Numerous protests have been made in the past against the firing of the big guns at Indian Head. River captains declare the lives of their passengers and crews are endangered by trials, and although no accident has occurred, content that there have been narrow escapes.

THE MOVIES

Edison's Talking Pictures.

The Edison Talking Pictures will be exhibited in Newark on next Thursday, matinee and night. It is another of the marvels emanating from the brain of the wizard of Menlo Park, Thomas A. Edison. He makes the motion pictures talk, each one with its own tone, which apparently is produced from the actor's mouth as the words are spoken.

It is a wonderful illusion. Let us suppose that it had been possible to reproduce the court scenes during the reign of Napoleon, who would not go far to see a talking picture where the voice and the personality of one of the mightiest figures that ever stormed across the world could be reproduced true to life?

What would be of incalculable interest to us today will be of equal interest to those who people this world two hundred years hence. We have historic figures in our present day history, men whose names will live as contributors to the political, military, financial and sociological history of the age. That pictures of the world's greatest men and women may be seen, and heard to speak, has added a new wonder to the world, yet, within a short time the wonder will cease and we will accept it simply as an incident to an age of wonderful inventions. Mr. Edison's latest and probably one of his greatest achievements will receive a noble reception in Newark for everyone will want to see this marvel. The seat sale is now open. The matinee prices are 25c and children 15c. Evening 25, 35 and 50c. (adv.)

At the Grand Tonight

"The Penalty of Crime."

All the appeal of the crook play is in this ingeniously conceived story. The girl who is sent fascinated the rich young jeweler is so successful that he falls in love with her. She falls in love too and wants to break off with the underworld, but her pals won't let her. A baggage car robbery, a motor car chased and plunged over an embankment—these are some of the quick events that follow. The Lubin company players appear in this gripping story in two reels.

Unightly Face Spots.

Are cured by Dr. Hobson's Eczema Ointment, which heals all skin eruptions. No matter how long you have been troubled by itching, burning or scaly skin humors just put a little of that soothing, antiseptic, Dr. Hobson's Eczema Ointment on the sores and the suffering stops instantly. Healing begins that very minute. Doctors use it in their practice and recommend it. Mrs. Allen of Littleton, Pa. says: "Had eczema on forehead. Dr. Hobson's Eczema Ointment cured it in two weeks." Qualities: antiseptic, soothing, and anted to rub in or money refunded. All druggists or by mail. Price 75c. Pfeiffer Chemical Co., Philadelphia and St. Louis. adv.

STOLE OUTFIT OF CLOTHING IS CHARGED

Charged with stealing clothing valued at \$31.50 John Shebo was arrested Monday afternoon by Patrolman Stewart and lodged at the city prison. Frank Mihul, another foreigner, charged that Shebo stole a suit of clothes, five shirts, six suits of underwear and two pairs of pants. He pleaded guilty when arraigned before Mayor Swartz Tuesday morning and was bound over to the grand jury under bond in the sum of \$500.

LAMAR WOULD TELL ABOUT LAUTERBACH'S LOBBY PROBE CHARGE

(ASSOCIATED PRESS TELEGRAM)

Washington, July 8.—An end to the Wall street features of the lobby investigation was in sight when the senate committee resumed the hearing today. David Lamar had asked permission to make a final statement explaining. Edward Lauterbach's charges yesterday that Lamar had assured him Senator Stone and Speaker Clark were anxious for a peaceful understanding with Morgan and steel corporation interests. A half dozen men prominently identified with wool manufacturing industries in the United States and several interested in legislation for a change or a retention of the sugar tariff were on hand again today to be examined as to their lobbying activities.

Y. W. C. A. NOTES

A very special meeting of the Camp Fire Girls will be held Wednesday at 2 p. m. The purpose of this meeting is to discuss plans for a great frolic on Thursday afternoon, the opening day of the summer camp. This meeting on Tuesday is for all Camp Fire Girls and junior members of the Y. W. C. A. Every girl under 16 is asked to attend. The summer camp of the Y. W. C. A. will be formally opened Thursday afternoon from 3 to 9. There will be games and races at 5 p. m. There will be music and ice cream cones for the pleasure of the guests. A group of guides will conduct a tour about the camp during the afternoon. Several groups of girls have promised to do stunts, and a prize will be given for the best one. The camp is located at Miss Annie White's beautiful home on 116-

bron road. The Y. W. C. A. has entire use of the house and grounds. The Licking creek which runs directly back of the house affords opportunity for bathing or swimming. Swings, hammocks and easy chairs add to the attractiveness of the large porches. Guests may spend a day, night or week-end at a very low cost. This camp is one of many hundred throughout the country operated by the Y. W. C. A.

Picnic parties are welcome at all times. Those wishing supper at the camp Thursday evening should telephone farmer 21.

Take a Columbus local car and ask to get off at the Y. W. C. A. camp, fare 10c. The house girls of the association enjoyed an over Sunday visit at "Kill-Kare." Those who formed the party were the Misses Stuber, Gabriel, Baily, McCreery and Pettigill. The following articles are needed for the summer home at once: bedding, row boat, oil lanterns, cots, old tennis shoes and bloomers, a croquet set and hammock. Any one willing to loan or supply any of these articles will receive the grateful thanks of the camp committee. Telephone farmer 21 or Y. W. C. A., 2466.

The membership committee of the Y. W. C. A. will give a food sale Saturday afternoon and evening in the gymnasium. Ice cream will also be sold from 3 to 9 p. m. There will be all kinds of good things to eat. The proceeds will go to the General fund. Donations for this sale should reach the association not later than Saturday noon.

Miss Constance MacCorkle will be a guest of the summer home on Thursday.

The regular monthly meeting of the board of directors will be held Thursday at 2 p. m.

The lunch room at the building is proving a popular place, especially during the cold lunches. Second payment on subscriptions is due this month. These payments have been coming in well. We feel that this shows the continued interest of the public, and the association wishes to express its appreciation.

IMPROVEMENTS

Planned For Philadelphia Will Cost \$18,000,000—Elimination of Grade Crossings.

(Associated Press Telegram) Philadelphia, Pa., July 2.—The removal of all grade crossings in South Philadelphia, a large increase in the port facilities of the city and other improvements at an estimated cost of more than \$18,000,000 was agreed upon at a conference here yesterday between city officials and representatives of the railroads affected.

The city's share will amount to \$9,290,400, while the Pennsylvania railroad will expend \$7,707,000 and the Baltimore & Ohio \$1,901,800.

COLOSSAL FRAUD

(Continued from Page 1.) Charles H. Graves, Assistant Secretary of State, J. H. Seerest and Assistants to the Attorney-General, Frank Davis, P. E. Dempsey and Charles C. Marshall.

"In every county where investigations have been made so far whole-sale evidence of fraud and forgery have been found. The situation is of such gravity that the whole matter has been turned over to the Attorney General's department for immediate action. The facts already established justify the statement that the most colossal fraud in the history of the state has been perpetrated."

That the charges with respect to the fraud in the getting of signatures to the referendum petition were prematurely exploded was ascertained. This developed when it was learned that Gov. Cox, Democratic State Chairman W. L. Finley and the State Liability Board of Awards were asking extensive investigation which they expected would furnish the material for wholesale prosecutions.

That they had secured one confession became known early in the day, but whether it was from the young man who was mentioned by "Uncle Joe" Newton, editor of the Newark Advocate, who made an investigation with respect to the Licking county signatures, or from another could not be learned. It was made plain that while gratified with the discoveries made by Editor Newton the high priests of the Democratic party and the chiefs of the state administration were vexed that the material was made public.

At once the legal side of the proposition came up and the earnest advocates of the initiative and referendum amendment to the constitution a year ago vigorously criticized its provisions. The act is so constructed, they declare, as to invite fraud. In the first place an amendment says: "The portion and signatures upon such petition so verified, shall be presumed to be in all respects sufficient unless, not later than 46 days before the election it shall be otherwise proved, and in such event 10 additional days shall be allowed for the filing of additional signatures to such petition."

The amendment fails to state before whom the fraud is to be proved. Secretary of State Charles H. Graves was interviewed and stated that he is convinced that he is not the official before whom the proof is to be submitted. It is one of the failings of the amendment that it does not state the legal process that is to take place to knock out a petition. If not before the secretary, it is presumed that the matter is to be taken into the court.

The officials who are objecting to the alleged fraudulent petition filed on the compensation act are going on the theory that there must be court action. It can be said on the best authority that a suit will be filed to test the petition. How that can be done is a problem for lawyers to solve.

That a huge blunder was made in the last General Assembly when the Weyant bill was passed, giving tacit approval to the reprehensible policy of paying for signatures, seems now to be admitted in the state house. As originally introduced the bill prohibited payment for the circulation of petitions, but this was so changed as to give sanction to what has been described by many lawyers as a form of bribery.

One of the results that is expected to come from the disbarment is the adoption of legislation to prevent payments for circulation of petitions. The effect of this would be to nullify the initiative and referendum. It is even now suggested that the law should go as far as to require the petitions to be placed in some public station and people required to go there to sign them. This idea has been recommended by William J. Bryan. With such a law in force it is admitted it would be almost impossible to get up a referendum.

A question that has arisen is whether the peculiar 1. and 11. amendment now in force will permit of such a law. That, too, like a thousand other phases of the constitutional innovation that was thrust on the state, is a subject for the lawyers to wrangle about.

Thos. J. Duffy, of the new Industrial Commission, said that the ac-

countants have found that only two out of 300 signatures purported to have come from Noble county are genuine.

"I am firmly convinced that a large percentage of the signatures to the petitions are forgeries," said Duffy. "We have been working quietly and expert accountants are now at work verifying our copy of the entire list of signatures. It is the plan of the administration to prosecute the criminals. At present it appears that there are not enough of the signatures genuine to secure a referendum."

SCORES DENY SIGNING THE PETITIONS

The Advocate is in receipt of scores of denials in signing the referendum petitions. Several dozen have called at the office and signed a statement to the effect that they never signed the petition. These names will be published in the Advocate in the near future. In the meantime it is requested that all whose names were forged to the petitions call at the Advocate editorial room and sign the statement.

RODERIC JONES SAYS WORK OF SCOUNDREL

To the Editor of the Advocate: I want to make it as strong as possible that the putting of my name on the petition to obtain a referendum on the Green law is the work of some scoundrel. I never saw the petition and had no knowledge of it being circulated here, consequently I never signed it. To my knowledge I do not know Mr. Lipscomb, the alleged circulator of it.

(Signed)
RODERIC JONES.

CHARLES HENRY WAS OUT OF TOWN.

The signing of my name to a petition asking for a referendum for the Workingmen's Compensation act was certainly done without my knowledge as I was out of the city during the week it was circulated in Newark. I am in favor of the Workingmen's Compensation Act and it is hardly probable that I would sign a measure opposed to it.

(Signed)
CHARLES HENRY,
11 West Park Place.

MR. BEEK'S STATEMENT.

To Editor Advocate: I signed the petition circulated for signatures to a referendum on the Workingmen's Compensation Act, but I signed it under a mistaken impression. The circulator who secured my signature stated that he was securing names of those favoring the law. I was busy at the time and took his word for it without reading the petition. I am for the Workingmen's Compensation Act.

J. W. BEEKS,
112 Dewey avenue.

SEVERE SKIN AFFECTION.

Cured by Our Reliable Skin Remedy, Saxo Salve.

"I suffered from a severe skin affection so I could not sleep nights. I was almost crazy with itching. I would scratch and almost tear myself to pieces. I tried a great many remedies without relief. When I saw Saxo Salve advertised I decided to try it and one tube entirely cured me. I recommend it wherever I go."

A. L. Morgan, Endicott, N. Y. Many persons around here suffer so much from eczema that they cannot sleep at night. Saxo Salve stops the terrible itching and soothes and heals the eruptions.

In all kinds of eczema, salt rheum, nettle, barber's itch, etc., Saxo Salve has wonderful healing power because it penetrates the skin pores and destroys the germs at the very seat of the disease.

We give back your money if Saxo Salve does not help you. Frank D. Hall, druggist, Newark, Ohio. P. S. Eczema and other skin affections often result from poor, thin, impoverished blood. We guarantee Vinol as the best blood tonic we know.

German manufacturers of blasting caps employ women for drawing the detonator tubes and for charging and packing the finished product.

U. S. ARMY AVIATOR MET DEATH TODAY NEAR TEXAS CITY

(Associated Press Telegram)

Houston, Texas, July 2.—Lieutenant Loran H. Call of the United States aviation corps was killed early today by the collapse and fall of his airplane north of Texas City. He had started his flight from the aviation field in the second army division mobilization camp.

The accident occurred several miles from the camp. First information was that the machine was completely

wrecked and that the officer was dead when found.

Lieut. Call was regarded as one of the best army aviators. Yesterday he made a 25-mile flight in 25 minutes.

Lieut. Call was born in Washington, D. C. June 30, 1888, and appointed a second lieutenant in the coast artillery from Kansas September 25, 1909. He was promoted to first lieutenant July 1, 1911.

The dangerous thing known to aviators as a "warm air current" is held responsible for Call's death. The young lieutenant rose from the aviation field, bordering the gulf early this morning, turned his biplane northward and flew over the level stretches near the artillery camp at an altitude of about 500 feet. He was plainly visible to several soldiers who said that his biplane seemed to be

running smoothly when without warning it turned its nose downward and plunged almost straight to the earth. The impact broke nearly every bone in Call's body.

HERE'S REAL ADVENTURE. New York Expedition to a New Treasure Island. The captain says that tons of gold bars, bullion gold plate and plenty of diamonds are hidden there. He, himself, handled them. * * * This is but one of the many features of next Sunday's New York World. Get the big 24-page Magazine and separate Fun Book. Both given free.

At the beginning of 1912 there were approximately 12,433,000 telephones and 29,566 miles of telephone wire in use in the world.

\$5 TROUSERS ABSOLUTELY FREE
